Docks removed for season at Holter, Hauser lake sites

(BUTTE, Mont.) – The boat docks at the Bureau of Land Management campgrounds at Holter and Hauser lakes are moving to dry land for the season.

Crews are removing the docks for the winter at Devil's Elbow, White Sandy, and Spokane Bay along Hauser Lake near Helena, and farther north along Holter Lake near Wolf Creek at the Holter Lake and Log Gulch campgrounds.

In addition to the dock removal, White Sandy's gates are now closed for the winter season until May.

The Devil's Elbow, Holter and Log Gulch campgrounds will remain open until Dec. 1 for the public to enjoy.

For more information, contact the Butte Field Office at (406) 533-7600.

The BLM manages more than 245 million acres of public land, the most of any Federal agency. This land, known as the National System of Public Lands, is primarily located in 12 Western states, including Alaska. The BLM also administers 700 million acres of sub-surface mineral estate throughout the nation. The BLM's mission is to sustain the health, diversity, and productivity of America's public lands for the use and enjoyment of present and future generations. In Fiscal Year 2015, the BLM generated \$4.1 billion in receipts from activities occurring on public lands.
