OREGON STATE OFFICE
AND THE
DEPARTMENT OF NATURAL RESOURCES
THE CONFEDERATED TRIBES OF THE COOS, LOWER UMPQUA, AND SIUSLAW INDIANS
AS A COOPERATING AGENCY FOR
REVISION OF THE RESOURCE MANAGEMENT PLANS AND PREPARATION OF
ENVIRONMENTAL IMPACT STATEMENT FOR THE WESTERN OREGON BLM DISTRICTS

I. Introduction

This Memorandum of Understanding (MOU) establishes a cooperating agency relationship between the Department of Natural Resources, Confederated Tribes of the Coos, Lower Umpqua, and Siuslaw Indians (Cooperator) and the Department of the Interior, Bureau of Land Management (BLM), Oregon State Office, for the purpose of preparing the Resource Management Plan (RMP) and Environmental Impact Statement (EIS) for BLM-managed lands within the State of Oregon, with deference given by the Cooperator to the appropriate Tribe on site-specific matters outside of the Ancestral Territory of the Confederated Tribes of the Coos, Lower Umpqua, and Siuslaw Indians. The BLM is the lead Federal agency for development of the RMP/EIS. The BLM acknowledges that the Cooperator has special expertise applicable to the RMP/EIS effort, as defined at 40 CFR 1508.15 and 1508.26. This MOU describes responsibilities and procedures agreed to by the Department of Natural Resources, Confederated Tribes of the Coos, Lower Umpqua, and Siuslaw Indians as a cooperating agency and the BLM (the Parties).

The cooperating agency relationship established through this MOU shall be governed by all applicable statutes, regulations, and policies, including the Council on Environmental Quality's National Environmental Policy Act (NEPA) regulations (in particular, 40 CFR 1501.6 and 1508.5), the BLM's planning regulations (in particular, 43 CFR 1601.0-5, 1610.3-1, and 1610.4), and the Department of the Interior Manual (516 DM 2.5).

The BLM shall engage in government-to-government consultation with affected Indian tribes during all phases of the planning process in accordance with applicable Federal statutes, regulations, and other authorities, including the National Historic Preservation Act, the American Indian Religious Freedom Act, Executive Order 13175 (Consultation and Coordination with Indian Tribal Governments), and Executive Order 13007 (Indian Sacred Sites). The cooperating agency relationship established here supplements and is subordinate to the government-to-government relationship between the Cooperator and the BLM.

II. Purposes

The purposes of this MOU are:

A. To designate the Department of Natural Resources, Confederated Tribes of the Coos, Lower Umpqua, and Siuslaw Indians as a Cooperating Agency in the RMP/EIS process.

B. To provide a framework for cooperation and coordination between the BLM and the Cooperator that will ensure successful completion of the RMP/EIS in a timely, efficient, and thorough manner.

C. To recognize that the BLM is the lead agency with responsibility for the completion of the RMP/EIS and the Record of Decision (ROD).

D. To describe the respective responsibilities, jurisdictional authority, and expertise of each of the Parties in the planning process.

III. BLM Authorities for the MOU

A. The authorities of the BLM to enter into and engage in the activities described within this MOU include, but are not limited to:

1. National Environmental Policy Act of 1969 (42 U.S.C. 4321 et seq.)
2. Federal Land Policy and Management Act of 1976 (43 U.S.C. 1701 et seq.)

IV. Roles and Responsibilities

A. BLM Responsibilities:

1. As lead agency, the BLM retains final responsibility for the content of all planning and NEPA documents, which include the Draft RMP/Draft EIS, the Proposed RMP/Final EIS, and the ROD. The BLM's responsibilities include determining the purpose of and need for the RMP, selecting alternatives for analysis, identifying effects of the proposed alternatives, selecting the preferred alternative, and determining appropriate mitigation measures. In meeting these responsibilities, the BLM will follow all applicable statutory and regulatory requirements.

2. To the fullest extent consistent with its responsibilities as lead agency, the BLM will consider the comments, recommendations, data, and/or analyses provided by the Cooperator in the RMP/EIS planning process, giving particular consideration to those topics on which the Cooperator is acknowledged to possess or special expertise.

3. To the fullest extent practicable, after consideration of the effect such releases may have on the BLM's ability to withhold this information from other parties, and in consideration of BLM's authorities and responsibilities to not disclose and/or protect certain non-public and/or sensitive data (e.g., Section 9 of the Archaeological Resources Protection Act and Section 304 of the National Historic Preservation Act), the BLM will provide the Cooperating Agency with copies of documents underlying the RMP/EIS relevant to the Cooperating Agency's responsibilities, including technical reports, data, analyses, comments received, working drafts related to environmental reviews, and draft and final RMPs/EISs.

B. Cooperating Agency Responsibilities:

1. The Department of Natural Resources, Confederated Tribes of the Coos, Lower Umpqua, and Siuslaw Indians is a cooperating agency in this planning process and is recognized to have special expertise of "custom and culture" which includes, without limitation, special expertise in air and water quality; hydrology; nonpoint source water pollution; fish and wildlife and their habitats; forest ecology;

These activities include, but are not limited to: suggesting management actions to resolve planning issues, providing input to the draft Analysis of the Management Situation, identifying effects of alternatives, suggesting mitigation measures, and providing written comments on working drafts of the RMP/EIS and supporting documents. 4. The Cooperating Agency will use its own funds for activities in furtherance of this MOU, unless funding is otherwise provided for in separate agreements with the BLM. In no event is the Cooperating Agency obligated under this MOU to incur any expense, except as it may choose to do so in furtherance of its participation hereunder.

C. Responsibilities of the Parties:

1. The Parties agree to participate in this planning process in good faith and make all reasonable efforts to resolve disagreements. Where procedural or substantive disagreement may impede effective and timely completion of the RMP/EIS, the Parties agree to utilize the facilitation and conciliation procedures described below. In all instances involving questions regarding content or relevance of environmental data and analyses or evaluation and wording in preparing the RMP/EIS and Record of Decision, the BLM shall make the final determination on the inclusion, deletion, or modification of such items in the document. (See Section V.G below).

2. The Parties agree to comply with the planning schedule provided as Attachment B, which includes dates for RMP/EIS milestones and time frames for Cooperating Agency's reviews and submissions.

4. The Parties agree to carefully consider whether proposed meetings or other activities would waive the Unfunded Mandates Reform Act exception to the Federal Advisory Committee Act (2 U.S.C. 1534(b) and 5 U.S.C App.).

V. Other Provisions

A. Authorities not Altered: Nothing in this MOU alters, limits, or supersedes the authorities and responsibilities of any Party on any matter within its respective jurisdiction. Nothing in this MOU shall require any Party to perform beyond its respective authority.

B. Records Management: The BLM owns the rights to all data/records produced as part of this agreement. All records (in all media, paper and electronic) created or produced in part or in whole are to be maintained for the duration of the agreement, made available upon request, and, upon termination of the agreement, turned over to the BLM.

This agreement is neither a fiscal nor a funds obligation document. Any endeavor to transfer anything of value involving reimbursement or contribution of funds between the parties to this agreement will be handled in accordance with applicable laws, regulations, and procedures including those for Government procurement and printing. Such endeavors will be outlined in separate documents that shall be made in writing by representatives of the parties and shall be independently authorized by appropriate statutory authority. This agreement does not provide such authority. Specifically, this agreement does not establish authority for noncompetitive award to the cooperator of any contract or other agreement.

F. Documenting Disagreement or Inconsistency: Where the BLM and the Cooperator disagree on substantive elements of the RMP/EIS (such as designation of the alternatives to be analyzed or analysis of effects) and these disagreements cannot be resolved, the BLM will include a summary of the Cooperator's views in the Draft RMP/Draft EIS and the Proposed RMP/Final EIS.

G. Management of Information: The Cooperating Agency acknowledges that all supporting materials and draft documents may become part of the administrative record and may be subject to the requirements of the Freedom of Information Act (FOIA) and other Federal statutes. The Cooperating Agency agrees not to release these materials to individuals or entities other than the Parties to this MOU.
