NOTE TO MAP USERS

The surface and mineral management areas overlain are published as general planning and management tools. Some of the lands, surface and mineral rights, may have been alienated or transferred to the public. The official land records in the respective office of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inquiries in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

PUBLIC ACCESS

Roads crossing public lands may be travelled by the public unless closed by signing or notice by land management agency. Public lands managed by private lands may not have public access. Permission is required from the private landowner to cross private land, unless access is provided by a Federal, State, or County road, or a BLM road with legal access.
