Hello All:

My flight arrives at 7:45 I would like to set our meeting for 10:00 AM on Thursday morning. We will have attending from our team: Fred Brost, Cobey Hampton, and myself. We are in the process of confirming if someone from EPG can attend as well. Steve from Ninyo and Moore is to send me contact their information so I can connect directly with them. I would like to invite one of our Professor Narayanan Niethalath from ASU to the meeting. Professor Niethalath has work with the material for two years and can bring light on the subject of toxicity. Once I confirm with EPG and ASU I will let you know.

Plan on us being there regardless at 10:00 on 5-21-2015. If everyone can please confirm I would appreciate it.

Thank you

About halfway through the meeting, Yavapai County Supervisor Rowle Simmons who attended the meeting said that he would bring this issue to the Board of Supervisors and call upon the BLM to do a full environmental analysis. That alone would be enough to require an EA. At the same time, due to the fact that the proposal already meets two of the "extraordinary circumstances" under NEPA, I will be making the determination that an EA is required. Rem,

Please be considerate of the fact that I'm flying in, and have the following gentleman coming in for this meeting: Fred Brost, Cobey Hampton, Narayanan Neithalath (ASU), Newton Deebardleben (EPG), and Devon Petry (EPG).

As per your email we scheduled it in the morning because your email stated someone on your staff had a 1:00 to 2:00 appointment, otherwise you were open the rest of the day. If you think an hour sufficient great!

If not, I'm sure BLM will do it's best to accommodate us for the proper amount of time. Thanks very much we will see you at 10:00
