Chris: Will you please scan and email a copy of the Skull Valley mine letter and Field Work Authorization to EPG. I signed them Friday so it probably went out in Monday's mail. Thanks.

Areta: I'll make sure Shelby Cave received the request to extend the mining notice. Thanks.

Hi Rem,

FYI:

EPG hasn't received the field work authorization as of yet. Can you please let me know when they can expect to see it.

Also, I delivered a request to extend our Notice plan of exploration for an additional 2 years. Matt time stamped it, do we need to do anything else? or is there approval process we go through to update our file? Just want to make sure we aren't missing anything.

If you could let me know, Thanks very much.

Hi Areta, I received the request and everything was fine and the remediation bond is sufficient. I approved the request and it is in your file. However, I wrote the letter to you but then I paused that to get it to your new address :) I used the Arizona address since your office phone listed had an Arizona area code. Please let me know if I need to send a copy to the CA address too. See you soon!
