Good afternoon Mariela:

We have taken numerous calls from concerned citizens in the Skull Valley community and surrounding area regarding the Skull Valley mining operation in Yavapai County. Additionally, Yavapai County supervisors have requested assistance to help address these concerns. As the July 25, 2017 comment period draws near, we would ask for your consideration in extending that period to allow additional time to meet with these community members and hear their concerns.

We appreciate your consideration of this request.
