Hi Areta,

The time frame for the completeness review component of the BLM review of Mining Plan of Operation is 30 days like we thought. I found some guidance in our 3809 Handbook. Just FYI I attached a diagram that highlights the major components of that step.

Talk to you soon!

Hi Shelby,

Thanks for getting back to me. I spoke with Al and we would like to propose we conduct the BLM site visit anytime between the following dates below based on the availability of the BLM participants.

The dates we're proposing for BLM site visit are between:

May 18th thru June 1st.

Please speak with BLM team and let me know if we can schedule something within these dates.

Thanks very much for your continued support towards our project.

Best Regards,
