Brian,
Please find attached a revised scoping letter in tracked changes.

Please let me know if you have any questions or comments.

Thanks,
Amanda

Subject: Scoping Notification Letter - Kirkland Mine

Amanda:

Attached is a draft of the public scoping letter, although the dates and location have not been confirmed.

As you revise the Plan this week, please updated the bulleted points. This letter is intended to be an overview only and to direct the public where more information can be found on-line or at the open house.

Disregard page 3.

We can discuss this letter if necessary during our call today.
