Hi Barbara,

Attached please find a Word document with the mailing labels, and when open the word document you will get a message and just click the Yes button and it will open. The template I used to create the labels was Avery 5163. So, you might have to redo the mailing labels, that is why I am sending the Excel spreadsheet as well.

Please be advised, that there will be duplicate owner names and mailing addresses, but they have different parcel numbers. If you have questions on this please let me know.

Here is a screenshot of what I included, which has the cities/towns you mentions plus I added Date Creek and Hillside just in case.

Hope this works for you and please let me know if you have any questions.

Thanks!

Hi Kevin,

Supervisor Simmons has asked that I obtain the mailing addresses for the rural communities that are in the radius of the proposed Kirkland Mine.

We are working directly with the Bureau of Land Management (BLM) and they need access to the constituents via a mailer.

We would really appreciate if possible that the format be such that labels can easily be printed.

Ø Skull Valley

Ø Kirkland
Ø Peebles Valley
Ø Yarnell

Ø Congress
