I added some additional FAQs this am (out of the office the remainder of the day).

This is something we need to develop further for those repetitive concerns that are being raised.

Let me know if there are new FAQs to add.

Thanks, Brian.

I think it will be important to clarify the number of truck trips (vs. roundtrips).

If the scoping period is extended we shouldn't be identifying truck trips vs load trips until scoping is complete, and Traffic analysis is complete.
