Hi Shelby & Steve,

Please see the attached copies of the KMC COC forms we filled out for the samples taken on 6-15-2017.

Below is a link with all the pictures, I will make flash drives for you and send them off later this week.

Please as discussed make sure we get a copy of the COC paperwork from you to the lab.

Also as discussed if you could please keep us informed as to when and where the samples are being tested we would like to make sure we have open communication.

We appreciate your efforts and look forward to working with you.

Thanks very much.

Best Regards,

Areta Zouvas
KMC, President

Hi Areta,

Thank you for sending us the attached photos, sampling logs/chains of custody forms, and for all of your, Pam's and Al's courtesies extended last Thursday during our June 15th site tour and sampling activity.

While ADEQ retains an interest in having those samples analyzed accurately and by the appropriate methods for potential presence and concentration of inhalable hazardous air pollutants, ADEQ has decided not to accept custody of these samples from BLM. We are going to let BLM retain custody and have the samples shipped to a lab that BLM deems appropriate.

We appreciate all your and Kirkland Mining Co.'s ongoing cooperation and efforts to identify and comply with applicable Arizona air quality requirements.

Best Regards,

Steve Rose
