Areta: As I expect you are already aware, we really need to receive your updated MRPO by Friday in order to keep the NEPA and scoping schedule. Let Shelby know if that is a problem. Thanks.

Hi Areta and team,
Here is the signed Decision letter from the latest completeness review of KMC MRPO that has been sent by certified mail today. These aren't major changes, just please provide additional documentation on the highlighted points. For clarification on the second point, I do *not* need the baseline study to be done on traffic/public safety at the ingress/egress point on Iron Springs Road, just an updated statement that KMC has contacted Yavapai County Public Works Department recently and are you are working together to follow with their recommendations.

Please contact me if you have any questions! Email will be best, I will be in the field tomorrow and Wednesday but will check email daily in the mornings before I go out.
Talk to you soon,
-Shelby
