Hello, Brian and Shelby!

Thank you for participating in the meeting and site visit in Kirkland last week. I believe it was very productive. Please find attached some draft meeting notes for your review, and let us know if you have anything to add.

I have also attached a revised Communication Plan to address Brian's comment he sent via email on Friday. Please let us know if you have any further comments.

I'm looking forward to our call on Thursday.

Thank you,
Amanda

Amanda:

With regards to the Comm Plan:

that internal and external email communications will be managed through a dedicated email account: BLM_AZ_PDO_KIRKMPO@BLM.GOV or KIRKMPO@BLM.GOV. This should be active by late next week.

With regards to the 5/24 site visit:

Under Cultural Resources: memorandum of Agreement the m is capitalized.
Under Access and Transportation what I heard was that discussions with ADOT had already occurred and that only warning signs would be needed, no need for turn or acceleration lanes etc. KMC needs to clarify who conversations have been had with and whether that was all that was determined to be needed.

Brian,

Regarding your comment on the Access and Transportation portion of the 5/24 site visit notes, I understand that Areta and Brian Hampton met with Yavapai County Development Services Department to discuss previously proposed activities on the site (back in 2015). Those meetings were of a general nature regarding signs that Kirkland would post for public safety.

Kirkland is in the process of coordinating with Yavapai County Development Services Department (Steven Mauk, Director) and ADOT (contact TBD) to begin discussions regarding the current proposed operation.

Thanks,
Amanda
