Hi All,

This is to provide you with logistical information for the site visit at the Kirkland mine site on May 24th, 2017.

A presentation will be provided by Kirkland Mining Company and Westland Resources at 10:00 am on May 24th. All parties should park in the Kirkland Mining Company private lands storage yard at 7825 South Iron Springs Road, Skull Valley, Arizona 86338 (map attached).

Immediately following the presentation, a site visit will be conducted at the mine site. The site is easily accessible via two track roads from the parking area. We anticipate that the site visit will take approximately two hours.

Water and lunch will be provided by Kirkland Mining Company. No mining operations are occurring at the site, so mine safety equipment is not required.

Please let us know how many people will be attending from BLM.

If you have any questions, please call Areta Zouvas at 619-846-4671 or Al Burch at 602-418-7665.

Thank you.

Al Burch

AI: so far only 4 specialists have affirmatively responded. There could be up to a total of 8 would be my guess.
