Hell All,

Happy New Year!!, I hope you all had a pleasant wonderful Holiday season.

I wanted to let you know a couple of item's and updates. I heard from one of the Neighbor's Denise Bennett which is one of the five unfriendly.

I sent my response to her, and BCC Rem and Matt, just so you can be kept in the loop on what my response to them is at this point. I do not wish the public to know KMC business at this point or what we are getting ready to do.

With that being said we're going to have EPG get started on the Cultural and Biological and will have Newt contact you and submit the appropriate paperwork.

Al is finishing up the Uncommon Variety and we would like to come in the last week of January/ First week of February to submit and review.

We also want to confirm our next steps. Can you please let me know your availability for the week of Jan. 31 to come in and meet with you.

We appreciate your continued time and consideration and look forward to hearing from you. Thanks very much.

Hi Areta, I am available anytime that week. Have you heard from everyone else or have set a meeting time? I think Rem may be out Friday, and Mondays tend to have a lot of meetings. Talk to you soon,
Shelby

Hi Shelby,

No I haven't heard from anyone, however I am going to stop in this week while I'm in town to drop off my request for extension on my notice plan. Is there some specific language I need to use?

Also we are going to push back the meeting, until later this month. I will have a better idea of when we want to reschedule when I drop by. Any news from the lab? Let me know if Friday morning works for me to drop in for a quick chat.

Hope you're well, Thanks for your continued efforts.

Hi Areta, Friday works great for me, I rarely go into the field that day. I don't think the extension requires any specific language but I will verify that and get back to you.

See you soon!

Hi Jeff,
I touched base with Areta and she decided to reschedule for later in the month, and will contact us about a date a little bit later. She may stop by the office informally Friday to touch base with me and Matt about her extension.

Talk to you soon! :)
