Shelby, Matt: Can you please visit with Brian Buttazoni on Monday to outline the NEPA process / timelines (ID team review of contracted EA, public meetings and comment periods, etc.) regarding a locatable minerals plan of operation assessment / contracted EA? Brian will not be able to join us for the Dec 1 meeting with the Kirkland Mining Co. team. Thank you.

Brian,

Sorry we missed each other today.

Do you have any general words of wisdom regarding the process and timelines mentioned below? We're planning to give the mine operator your recent "Guidebook for Third-Party Prepared Environmental Assessments" as a start.

As you pointed out last week, we won't be able to start the NEPA process until we have a complete Plan of Operations in hand.

Thanks,
