Surface Management Status

1:100,000-Scale Topographic Map

2010

U.S. DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

Edited and published by the Bureau of Land Management National Operations Center in cooperation with the Bureau of Land Management Colorado State Office. Planimetry partially revised by Bureau of Land Management from various source materials. Revised information not field checked.

Public Land Survey System derived from the Bureau of Land Management's Geographic Coordinate Data Base. Land status and other source information compiled by Bureau of Land Management. Hypsography, hydrography, boundary, and transportation data derived from U.S. Geological Survey 1:100,000 scale digital line graphs. Digital line graphs based on 1:100,000 scale quadrangle map dated 1988.

Lambert Conformal Conic Projection
North American Datum 1983
National Geodetic Vertical Datum of 1929

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Land lines are omitted in areas of extensive tract surveys.

THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS

In general, BLM Public Lands are open to a number of recreational activities in addition to those that may be highlighted on the map. These activities include camping, fishing, hiking, and hunting. Certain restrictions may apply. Contact appropriate BLM State District, or Field Office for more information.

CONVERSION TABLE

TOPOGRAPHIC MAP SYMBOLS

Primary highway, hard surface
Secondary highway, hard surface
Light duty, hard, or aggregate surface
Streets, roads, graded/drainage surface
4WD, rough bladed or two-tracked surface
Trail (foot, pack, bicycle, or as labeled)
Route marker: Interstate, U.S., State
Railroad: standard gauge, narrow gauge
Bridge, overpass, underpass
Tunnel: road, railroad
Built up area, locality, elevation
Airport, landing field, landing strip
National boundary
State boundary
County boundary
National or State reservation boundary
Land grant boundary
U.S. public lands survey: meigs township section
Range, township, section line, protected
Power transmission line: pipeline
Dam, dam with lock
Cemetery: building
Well: water, water, spring
Mine shaft: adit or cave; mine, quarry; gravel pit
Campground: picnic area, US location monument
Ruins: cliff dwelling
Disturbed surface: strip mine, quarry, sand
Contour: index, intermediate, supplementary
Contour: interval change
Stream, lake: perennial, intermittent
Rapids, large and small; falls, large and small
Area to be submerged, marsh, swamp
Land subject to controlled inundation
Special area boundary
Recreation area boundary
National trail back country, scenic byway

NOTE TO MAP USERS

The surface and minerals management status overprints are published as general planning and management tools. Some of the lands, surface and mineral rights, may have been shown as patented lands due to the lack of information available in BLM with respect to the status of acquisition. Patents less than 40 years are usually omitted because of the map scale. The official land records in the respective offices of the Bureau of Land Management or other responsible Federal agencies should be checked for up-to-date status on any specific tract of land. Inadequacies in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were derived.

Roads crossing public lands may be travelled by the public unless closed by signing or notice by the land management agency. Public lands intervened by private lands may not have public access. Permission is required from the private landowner to cross private land, unless access is provided by a Federal, State, or County road, or a BLM road with legal access.
