

Edited and published by the Bureau of Land Management National Science and Technology Center in cooperation with the Bureau of Land Management Colorado State Office. Primary partially revised by Bureau of Land Management from various source materials. Revised information not field checked.

Public Land Survey System derived from the Bureau of Land Management Geographic Coordinate Data Base, Land status and other source information compiled by Bureau of Land Management. Hypsography, Hydrography, Boundary, and Transportation data derived from U.S. Geological Survey 1:100,000 scale digital line graphs. Digital line graphs based on 1:100,000 scale quadrangle map dated 1984.

Lambert Conformal Conic Projection
North American Datum 1983
National Geodetic Vertical Datum of 1929

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Land lines are omitted in areas of extensive tract surveys. THIS MAP COMPLIES WITH NATIONAL MAP ACCURACY STANDARDS

In general, BLM Public Lands are open to a number of recreational activities in addition to those that may be highlighted on the map. These activities include camping, fishing, hiking, and hunting. Certain restrictions may apply. Contact appropriate BLM State, District, or Field Office for more information.

NOTE TO MAP USERS
The surface and minerals management status overlays are published as general planning and management tools. Some of the units, surface and mineral status are shown as general indications due to the lack of information by the BLM for use of the map for purposes not intended by BLM. The official record of land ownership is the public land survey. No warranty is made by the Bureau of Land Management for use of the map for purposes not intended by BLM. The official record of land ownership is the public land survey. No warranty is made by the Bureau of Land Management for use of the map for purposes not intended by BLM.

PUBLIC ACCESS
Roads crossing public lands may be traveled by the public, unless closed by signs or notices by the land management agency. Public lands interest by private lands may not have public access. Permission is required from the private landowner to cross private land. Vehicle access is provided by a Federal, State, or County road, or a BLM road with legal access.
