

Wind River Pack Bridge and Trailhead
The first modern bridge the Forest Service constructed here collapsed into the river as it neared completion. Workers recovered half of the bridge and used it to construct the bridge you see today. It was opened in the spring of 1962. The Wind River Trail begins here and accesses the Gospel - Hump Wilderness.

 Gold Hole Play Wave

 Carey Falls

Carey Falls or 'Gold Hole' II+
This rapid has a popular hole for kayakers. It becomes difficult for power boaters at low flows.

 Mile 110

 Mile 111

Vinegar Creek Rapid III+
During higher flows this rapid is washed out. During lower flows numerous holes and rocks appear.

Vinegar Creek Boat Ramp
This site marks the end of County Road 1614. There are three boat ramps and toilet facilities located here. These ramps see a significant amount of jet boat traffic, so floaters might be inclined to use the ramp located downstream at Carey Creek.
