

# MASTON TRAIL USE AREA

The Bureau of Land Management  
Prineville District

## WELCOME TO MASTON TRAIL USE AREA!

There's a hidden jewel on the east side of the Cascade Mountains. Here, there are over 4,000 acres where mountain bikers and horseback riders share the space but not the trails. Hikers can meander along lava rock-lined routes to breathtaking views of the Deschutes River, and trail runners can beat the snow in the winter. Start your adventure into the Maston Area through the Maston or Juniper Trailheads, and spend a day exploring the geology and landscape of Central Oregon on almost 50 miles of trail. Lunch under the twisted limbs of an old-growth juniper and watch eagles soar overhead.

## KNOW BEFORE YOU GO

- ✓ **OPEN YEAR ROUND** and often available in winter when higher elevation trails are snowed out.
- ✓ **ACCESSIBILITY** includes disabled parking with paved access to picnic areas and the restroom at Maston trailhead. Also includes parking for trailers.
- ✓ **NO FEES.** No water. No overnight camping. Single vehicles only.
- ✓ **PETS ALLOWED** under owner control. Watch for hikers, bikers, and horses.

## DIRECTIONS

There are two trailheads that access the Maston Trail Use Area. To get to the main Maston Trailhead from Bend, head north to Tumalo and then turn on to Cline Falls Highway. Travel about 4.5 miles toward Eagle Crest Resort. Turn right (east) on Newcomb Road and the trailhead is  $\frac{3}{4}$  mile down the road on your left. The smaller Juniper Trailhead is located along Cline Falls Highway at the north end of the Maston area.

## CONTACT INFO
