Surface Management Status
1:100,000-Scale Topographic Map

2011

U.S. DEPARTMENT OF THE INTERIOR
BUREAU OF LAND MANAGEMENT

Edited and published by the Bureau of Land Management National Operations Center in cooperation with the Bureau of Land Management Wyoming State Office. State Orthographic Planimetry partially revised by Bureau of Land Management from various source materials. Revised information not field checked.

Public Land Survey System derived from the Bureau of Land Management Geographic Coordinate Data Base. Land status and other source information compiled by Bureau of Land Management. Hydrography, Boundary, and Transportation data derived from U.S. Geological Survey 1:100,000 scale digital line graphs. Digital line graphs based on 1:100,000 scale quadrangle map dated 1982.

Lambert Conformal Conic Projection
North American Datum 1983
National Geodetic Vertical Datum of 1929

There may be private inholdings within the boundaries of the National or State reservations shown on this map. Land lines are omitted in areas of extensive tract surveys.

This map complies with NATIONAL MAP ACCURACY STANDARDS. In general, BLM Public Lands are open to a number of recreational activities in addition to those that may be highlighted on the map. These activities include camping, fishing, hiking, and hunting. Certain restrictions may apply. Contact appropriate BLM State, District, or Field Office for more information.

NOTE TO MAP USERS

The surface and subsurface management status overlays are published as general planning and management tools. Sites or the lands, surface and mineral rights, may have been discovered or planned for due to the lack of information available to BLM with respect to the nature of acquisition. No warranty is made by the BLM for use of the maps for purposes not intended by BLM. The official responsible federal agencies should be checked for up-to-date status on any specific land of interest. Information in the BLM maps should be reported to the respective Bureau of Land Management offices from which the maps were obtained.

PUBLIC ACCESS

Roads crossing public lands are controlled by the public unless stated by signing or notice by the land management agency. Public lands traversed by private lands may not have public access. Permission is required from the private landowner to cross private land, unless access is provided by a Federal, State or County road or a BLM road with land access.

This product is a georeferenced scanned image of an official BLM publication and is intended for reference only. The official publication is no longer available. This product is temporary and will be removed when a new official publication is made available. The information contained in this image may have changed since the original publication date. Information can be verified on Master Title Plats located on the Government Land Office website, Recreation.gov, and various local government parcel websites. Please contact the appropriate BLM State, District, or Field Office for more information or contact us, blm_wy_geospatialscience@blm.gov.
