## WELCOME TO STEELHEAD FALLS TRAIL!

In steps, it's only about a half mile from the trailhead to Steelhead Falls. In terms of geologic time, it's a few million years. Colorful grooves decorate cliffs and show the erosion of time. Wildflowers dot the slopes in the spring and golden eagles soar overhead. The trail to the falls is relatively easy, with one small, steep section. Hike down for a picnic, fish in the Deschutes River, explore the rocky shores, or just sit and relax and let the sound of the falls erase the world around you.
