If you could print them I would appreciate it. I'm in room 3516, or I could come to pick them up

For the Secretary's upcoming trip, could you get a map of Nevada that shows the location of the Basin and Range and Gold Butte monuments within the state, and similarly for Cascade Siskiyou within Oregon, both to be printed as 8.5 x 11" so they will fit in a binder. The New Mexico monument maps both show their location within the state, so no need for anything more there.

And as I had speculated when we talked Friday, I will be pulling together and reviewing all of the information for Downey for all the monuments, so you will probably be getting a scattershot of questions over the next week or so. I will copy the larger group if there is anything substantive involved so as to keep everyone aware of what I am asking for, but for something routine like this that doesn't seem necessary.
