Attached you'll see a summary of all flights. This spreadsheet was started and is unfinished, but you can see a general overview of all flights that were accounted for. There are flights on this list that were not in the packet, as they don't fit what was asked for, but at least it gives you an idea. The bulk of it is the monument flyover, vegas and both helo rides to Yorktown and WV.?

All --

Attached is an OAS spreadsheet, prepared yesterday afternoon by Mark Bathrick's staff, summarizing the Secretary's travel.

After reviewing it and talking with Mark, I think we will have to go to the Bureaus ASAP to fill in the gaps on any travel other than the Secy's.

Thanks
