All,

I have contacted the SOL office and would like to talk to them more about this topic before we decide exactly how to proceed. At the same time, I want to make sure to respond to question. I also realize we have deadlines for providing a response. I talked with Pam, and these are some of our thoughts.

Let me know if you have any questions.

Regards,

Mandy and Norbert, I will provide my tentative input, but know that I am also asking for feedback from others, one for consistency within the CC District and the other for a legal interpretation. All, I ask you to weigh in:

Hi Don,
We have received several new applications for ROWs that fall within BENM. We usually respond to these applications with a 30 day letter to let the applicant know the timeline for

processing the application. I looked through the Proclamation and was not able to find the exact language to include in the letters to inform the applicants about how we will proceed with the new applications that fall within the Monument.

Any suggestions that you have would be greatly appreciated so that we may respond to these requests.
