Ed-

I got your message. I'm happy to reflect whatever changes you request, but I do want to point out that we were required to reach out to SITLA per the Proclamation and report to the President by 1/19/17 regarding the potential for such exchange.

(b)(5) DPP  
[Redacted]

Regards,

Thanks Allison.

I just called you and left a message regarding the SITLA discussion in BENM. I would rather say (b) (5) DPP [Redacted]

Let me know if you have questions. Thank you for your thoughtful concern. Ed

Great catch- that was copied and pasted from the DOI's fast facts and I believe they were trying to highlight that the boundary is basically the same as the Indian Creek & Bears Ears NCAs and Mancos Mesa Wilderness. I'll edit.

Nate is working on reviewing the cultural information and we will ensure consistency.

Your other requested edits have been made. Thanks, eagle eye!

I hope that you're able to spend some quality time with your family. Very sorry to hear about the situation.

Regards,

Allison Ginn

Allison, I have a couple of observations.

(b)(5) DPP  
[Redacted text block containing multiple lines of blacked-out content]

I think those were my only suggestions/observations. Thank you. Ed

We're plugging away on the data call from DOI.

Please find attached updated versions of our draft responses to each item requested from the Department, as well as Executive Summaries for both Monuments.

We have quite a few people working on data aggregation today, both at the field and state office level.

My next step is to circle with Kent on minerals data and also to route these attached documents through External Affairs.

Your thoughts are welcome. Thanks!
