State Directors:

On May 12, the BLM received a data call to respond to Executive Order 13792 directing the Secretary of Interior to review certain National Monument designations or expansions under the Antiquities Act. The timeline for this data call was extremely expedited; particularly for the Grand Staircase Escalante National Monument and Bears Ears National Monuments. The responses and assistance we received from the state offices including associate state directors along with monument managers and your staff from recreation, energy, minerals, GIS, and other programs is greatly appreciated. We wanted you to know the Secretary's office was extremely impressed and complimentary with the quality and timeliness of the information submitted by the BLM.

Thank you again for all your assistance and please extend our appreciation to all of your staff that assisted.
