GSENM Porter comments Utah Monument PLanning Scoping SOW.docx

Attached are GSENM's initial comments in the document.

Strongly recommend adding another scoping meeting to Escalante so that GSENM would have 3 sites: Kanab, Escalante, and SLC.

Thanks for the opportunity for review, let me know if you have any questions.

   All,
   Attached is a draft statement of work, government estimate, and evaluation factors for the Utah Monument planning process scoping contract.

Pam,

Please review to make sure that this accurately reflects our expectations and meets our needs.

Leslie,

Please let me know if there are any changes needed from a technical contracting perspective.

Ed and Anita,

Just keeping you in the loop. We will <u>not</u> start solicitation until you have given us approval to do so. I know execution of the contract may be contingent upon us getting requested funds.

Thanks,
