Mike - I recommend that we have a meeting to go through all the web updates for the monuments. I don't want to nickle and dime you with everything that you may or may not want changed on the GSENM and BENM websites. There is so much that you need to make a decision on, that I think it would benefit all of us, if we just hammer out what needs done and then I can work on it after that. Whaddya think?

Here's a sample of questions I would have:

Remove this map?

https://www.blm.gov/sites/blm.gov/files/UT_BearsEars_NM.pdf

Recommend removing this document of Fast Facts? or decide who will update it?

https://www.blm.gov/sites/blm.gov/files/documents/files/BE%20QA%20Fast%20Facts_1.pdf

Remove or Leave?

Link to BENM (USFS site) - information has not been updated by USFS. Remove or Leave?
