Costs of the two arms changed significantly between pre-specified and approved

[illegible]

British Columbia MP A. Peng announced that the Government has agreed to transfer 100,000 acres of Crown land to the province for the purpose of creating a new park. The transfer is part of a larger agreement between the federal and provincial governments regarding the management of Crown land in the province.

Comment: From Nelson

The answer of `is` here is that `is` tests for `id` identity, not for `isinstance` (but more on that later).

OK, just one of the original `is` tests remains and has a special status in Python: `is` tests for `None` identity.

OK, just one more original `is` test remains and has a special status in Python: `is` tests for `True` and `False` identity.

OK, now we can bring more light to the question: `is` is a `True` or `False` test, means of `is` tests whether two variables refer to the same `True` or `False` object.

Use an Operational Plan to:

- Describe all management activities that are included in the operational plan
- Describe the methods and tools of management in terms of methods and state the results of the methods and purposes of the plan

Other MRP Issues

- The MRP includes any activity that is an activity that is not included in the operational plan
- Describe the methods and tools of management in terms of methods and state the results of the methods and purposes of the plan

Please let me know if you would like to do so. Thanks. B. Ho

Subject: Fwd: C# and the Windows Forms Project - SHIP announced as EOL

Info to follow
during this second case we see it is relatively close to the first program. I will
highlight what we see in the first case.

Abstract

1941-1942

[illegible][illegible]

13. There are no available data on outcomes or on program long-term outcomes or on program reach or on an indirect impact of the R&D system. Field DR-00007 focuses on 2002. All data used and secondary research conducted in preparation of this report is available in the following table.

Subject: Re: Check to see the Vireo There are more in the area (04/07/2006) (1/1)

If I have a chance for this note I will be able to send a table you can communicate to see the life of eggs and there is a sampling not updated and not representative what WECH support might be used. If you move forward I do have any one here. I can't explain it either I feel we keep a very private interest. And if

As you can see, I have been assigned as the Project Manager for the "New Product Development" project. I am a full-time employee of the company and have been working on this project for the past 6 months. I have been working closely with the Product Development team and have been able to complete the project on time and within budget. I have also been able to identify and resolve any issues that have arisen during the project. I am proud of the work that I have done and I am confident that the project has been a success. I am looking forward to continuing to work on this project and to helping the company achieve its goals.

Thankyou

Hi,

With a few more updates, we are now able to provide a more complete picture of the project. I have been working on this for a while now, and I am happy to share the progress with you.

Best,

### Journal of Land Management

On June 10, 2010 and 2011, the following information was obtained:

With a line I've not seen before, my partner took a cut in all 10 rounds of the subcutaneous. I know I've got my local management team here who would know and see it. One line or two and get it all to you on that spot in

The fact is, it is a small number of people who are responsible for the majority of the damage.

Thank you for the information provided.

Happy New Year!

Hi Brian,

We are going right on having our response ready to send back to the DOJ. We are still working on the details, but we are confident we will have a response ready to send back to the DOJ by December 17.

Thanks for keeping me in the loop.

Comment: Britta Nelson:

Cohen, Ilana

Dec 20 (9 days ago)

Hi Nikki,

I think this package looks good. In the initial BLM section of the Order (on page 2), I would like to request the following change:

Replace this:

"BLM's 32 million-acre National Conservation Lands System."

With this:

"BLM's 35 million-acre National Conservation Lands."

Thank you,

-Ilana

On Dec 20, 2016, at 6:43 PM, Salt, Deborah <debsalt@blm.gov> wrote:

Nikki, Britta:

Thanks for the opportunity to review the BLM's response/strategy to the Secretarial Order signed by Secretary Jewell in October.

I see no issues in the response/strategy. Surname is recommended from my perspective.

There may be future opportunities for us to also formulate ways to work with Tribes leading up to the 50th anniversaries of the Wild and scenic Rivers Act and National Conservation System Act (2018) based on this SO; however, we are not prepared at this time to offer such an initiative in the response, given the imminent deadline. We would consider this idea as we develop our 50th strategies, as appropriate.

LANDS**

**June 2017  
Monthly Hot Topic Snapshot  
WO-410 RMP and EIS Review**  
Updated 06/19/17

**Chris McAlear**  
Acting Assistant Director  
Assistant Director (WO-400)

**RMPS AND PROJECTS WITH ISSUES TO ELEVATE/DIRECTORS PRIORITIES**

- **DTS# 1624. Notice of Closure, Kasha-Katuwe Tent Rocks National Monument. New Mexico.**
  - Surnamed by WO410 on June 5. NOI package has not reached WO400.
- **DTS# 1545. NOA of the DRMP and DEIS for the BLM Carlsbad Field Office, New Mexico.**
  - Surnamed by WO410 on June 8. NOI package has not reached WO400.
- **DTS# 1527. NOA of the DRMP and DEIS for the Cedar City Field Office Planning Area. Utah.**
  - Surnamed by WO410 on May 2. NOA package has not reached WO400.
- **DTS# 1471. NOA for the Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS. Utah.**
  - Surnamed by WO410 on April 14. NOA package has not reached WO400.
- **DTS# 1542. NOI to Amend the RMP for the Ukiah Field Office, California and Prepare an Associated Environmental Assessment for the Berryessa Snow Mountain National Monument. California.**
  - Surnamed by WO410 on May 2. NOI package has not reached WO400.
  - **Update:** the BLM Federal Register Notices update indicates the NOA is on hold at California's request.
- **Challis, Salmon, Upper Snake RMP Prep Plan. Idaho.**
  - **Update:** WO410 provided follow up comments to the responses to WO feedback (May 19), requesting data and GIS funding needs for National Trails be identified in the prep plan and following up on a WSR comment that was not responded to re: if USFS and BLM coordination on joint WSR studies would be considered. **WO410 has not received the response to comments.**
- **Appalachian Basin RMP Prep Plan. Eastern States.**
  - **Update:** WO410 provided feedback on the prep plan on March 10, 2017 (NSHT and WSR should be addressed if located in the planning area). **WO410 has not received the response to comments.**
- **Boardman to Hemmingway ROD. Oregon, Idaho.**
  - **Update:** The June 6, 2017 Renewable and Transmission Projects Dashboard indicates that coordination is continuing with the WO on the NOA for the ROD and incorporating compliance discussions with the Executive Order of March 28, 2017 and Secretarial Order 3349 of March 29th, as it relates to mitigation. **It is unknown if WO410 will participate in the process.**
- **Environmental Assessment to Reconsider the ROD Approving Segments 8 and 9 for the Gateway West Transmission Line Project. Idaho.**
  - **Update:** The BLM is directed, through the Morley Nelson Snake River Birds of Prey NCA Boundary Modification Act, 2017, to issue a ROW for the lands described in Sec. (b)(2) of the Modification Act for portions of Gateway

West segments 8 and 9. The Modification Act moved the lands for this ROW from NCA status, stipulated that the mitigation framework presented in the Final Supplemental EIS will apply to the authorized segments, and stipulated a timeframe for issuance of the ROW. **It is unknown if WO410 will participate in the process.**

- **Section 368 Energy Corridor Region 1 draft review report.** Southern California, southern Nevada, and western Arizona.
  - **Update:** Draft recommendations to be circulated to WO100 and 300 for review the week of June 5.
  - **Issues:** Outdated policy that categorized National Trails as 'medium potential for conflict' was used in the original draft review report. Updated solar and wind policy now categories National Trails as 'high potential for conflict'. This was addressed with WO301. WO301 indicated no further follow up needed at this time.
- **Section 368 Energy Corridor Region 2 review.** Eastern Arizona, southern Utah, and New Mexico.
  - **Update:** A schedule is being developed for the Region 2 review.
- **Donlin Natural Gas Pipeline.** Alaska.
  - **No update.**
  - Meeting with BLM Alaska was held on February 27 to discuss State Patent lands of concern within the Donlin project, specific to the Iditarod National Historic Trail. Although it is not feasible to get a ROW reservation for affected townships, BLM Alaska is working to get comments into NEPA for the project, including mitigation for impacts to the NHT.
- **Verde Transmission ADEIS.** New Mexico.
  - **Issues:** Potential impacts to WSR and National Trails.
    - Proposed route crosses Rio Grande River. Eligible and suitable WSR streams in area including additional segments of the Rio Grande WSR.
    - Project would cross the Camino Real de Tierra Adentro NHT and Old Spanish NHT.
  - **Next milestone is review of ADEIS (TBD). Any review is to be coordinated through New Mexico as amendment is not on WO210 priority list for WO review.**
  - **Update:** The schedule is being revised because the public scoping period was extended. Approval of the revised project schedule is pending.
- **Mancos Shale RMP-A NOI, Farmington, New Mexico.**
  - **Issues:** **Unknown** but WO410 is tracking because the RMP-A proposes to amend four decision types including lands with wilderness characteristics and will analyze potential impacts from oil and gas decisions to the Old Spanish NHT (RMP decisions for the NHT will not be made).
  - **As the RMP-A/EIS moves forward (alts development, impact analysis, etc.). WO410 will participate to ensure that the National Conservation Lands units are adequately considered.**
  - **Update:** draft alternatives will be completed this summer. Public release of the DRMP/DEIS is not anticipated until calendar year 2018. NMSO will coordinate with WO210 on WO review.

#### UPCOMING BRIEFINGS (NEXT 30 DAYS)

- **Cedar City DRMP/DEIS.** Utah.
  - **Director's Brief TBD.** AD Brief was held June 9.
  - **No issues.** 259,975 acres contain wilderness characteristics (16 areas).

- Prioritize other uses on 190,545 acres (73%) while not protecting wilderness characteristics based on mining claims with anticipated development and other resource management priorities, mainly multiple vegetation treatments for restoring habitat from pinion/juniper encroachment.
  - 69,430 acres (27%) would be managed to protect wilderness characteristics as a priority over other multiple uses. Protective allocations include VRM class II, ROW exclusion, NSO for leasable minerals, recommended withdrawal for locatable minerals.
- **Grand Staircase-Escalante National Monument administrative draft MMP-A/DEIS. Utah.**
  - **AD Brief TBD.** Staff pre-brief was held April 25.
  - **No issues.** 471,700 acres contain wilderness characteristics. The draft MMP did not specifically address management of lands with wilderness characteristics, however these lands receive incidental management in the following zones:
    - The primitive zone (281,800 acres) allows for an undeveloped, primitive, and self-directed visitor experience without mechanized or motorized access.
    - The primitive zone (281,800 acres) allows for an undeveloped, primitive, and self-directed visitor experience, while allowing motorized and mechanized access on designated routes. Facilities are rare and are provided only when needed for resource protection.
    - The remaining lands with wilderness characteristics (40,300 acres) are in the front country and passage zones which contain more facilities and are the focal points for visitation.
- **Lewistown DRMP/DEIS. Montana.**
  - **TBD.**
  - **No issues.** 202,730 acres contain wilderness characteristics.
    - Prioritize other uses on 70,000 acres while not protecting wilderness characteristics. Underlying prescriptions include open to mineral material sales, non-energy leasables, cross-country mechanized travel, fluid minerals with minor constraints (CSU), and livestock; limited to designated routes yearlong; 400 acres of ERMA prescription (potentially); and mostly VRM III.
    - 30,000 acres would be managed to minimize impacts to wilderness characteristics while managing for other uses (13,000 acres of ACECs and approximately 15,000-20,000 acres where actions are in place to protect GRS).
    - 100,440 acres (49%) would be managed to protect wilderness characteristics as a priority over other multiple uses.
- **Carlsbad Field Office DRMP/DEIS. New Mexico.**
  - **TBD.**
  - **Update:** WO212 has indicated Carlsbad anticipates a 1-2 year delay and New Mexico is submitting a schedule change request for the plan.
  - **Issue:** Discrepancies in acreages for lands with wilderness characteristics was found in DRMP/DEIS and range from 24,072 to 41,772 acres. Carlsbad FO is revisiting the alternatives.
  - **WSR rationale:** The Delaware River segment was not included in the Preferred Alternative because this area has been identified as an area with high oil/gas development potential. Portions of the Delaware River segment are currently leased for oil and gas development and are surrounded by state lands. Much of the Delaware River segment carries protective allocations associated with the proposed Gypsum Soils ACEC which is included in the Preferred Alternative C.

- **Rio Puerco PRMP/FEIS.** New Mexico.
  - **TBD.**
  - **No issues.** There are seven areas totaling 37,524 acres of wilderness characteristics.
    - Prioritize other uses on 1,663 acres (4%) while not protecting wilderness characteristics.
    - 6,920 acres (18%) would be managed to minimize impacts to wilderness characteristics while managing for other uses. Travel limited to designated routes, closed to leasable minerals, avoid for saleable minerals and ROW, minimizing impacts and requiring use of existing routes for forest product removal, and VRM III.
    - 28,941 acres (77%) would be managed to protect wilderness characteristics as a priority over other multiple uses. Travel would be closed except as authorized, closed to leasable and saleable minerals, no new ROWs, closed to forest product removal, and VRM II.
