FY17 Master Spreadsheet - Carry over request.xlsx

See below. Please forward me any BLM carryover requests by June 6, so I can consolidate a response back to Gary.

Thanks!

Vicki

SRUPCD,

Please see the attached note from Daniel below, along with the attached spread sheet and get your carryover requests to Gary Bezzant or other Southern Region DWR Habitat staff ASAP. Note that the deadline for making your carryover request is **JUNE 9, 2017**. Thanks and please contact Gary or me with questions. Thanks!

Have a great one!

Subject: FY 2017 UPCD-WRI project carry over requests

UPCD-WRI Team Leaders,

Please distribute this to your teams:

It's time to compile this year's project carry-over request list

As most of you know, UPCD-WRI funding is granted to projects as "one-year money" with carry-over approval on a project by project basis depending on funding. Each year UDWR habitat staff helps compile this list for the Watershed Initiative. That effort is underway now with a final due date of June 9th.

We are requesting that all project managers with projects from FY17 and before in the "current" section of the database (wri.utah.gov) contact your regional UDWR habitat staff or work through your UPCD-WRI team leadership to help complete this spreadsheet. This spreadsheet includes status for all projects as well as the official carry-over dollar amount requested. You can also enter "all remaining" as the amount requested. Even if you have spoken to me about carrying over your project, you still need to have your request included on this spreadsheet. I've included an excel file showing all of the project that we track, many are not WRI projects and therefore may not be familiar to you. If you see a project on this list that you are the manager of or is familiar to you please contact us with the needed information.

Once the spreadsheet is completed, UWRI will review each carry-over request and issue approvals/denials in July.

Also, please remember that completion reports are required for all completed projects and should be finalized (including final map features) ASAP after project completion with a final deadline of August 30th.

feel free to contact me with any questions,

Daniel Eddington
