VII. Weekly Report:

Week Ahead Announcements and Actions

On August 2, BLM-WO staff will meet with an International Visitor Leadership Program group hosted by the University of Montana at Main Interior. The University has requested that Secretary Zinke greet the group. Timothy Fisher, BLM program management analyst from the National Conservation Landscape Program, will discuss the BLM's multiple use mission and priority programs.

On August 2, BLM-CA's Bakersfield Assistant Field Manager Becca Brooke/staff will meet with Pacific Gas and Electric (PG&E) to discuss the Federal Energy Regulation Commission (FERC) re-licensing process and study needs for the Kerckhoff hydroelectric project at Kerckhoff Dam, along the San Joaquin River, Fresno County, CA. PG&E is required to submit a Pre-Application for Development by November 2017 to begin a five-year re-licensing process. The 114-foot tall dam, built in 1920, is one of the primary features of the Kerckhoff hydroelectric project. It has two powerhouses. It produces 579 million kilowatt hours of electricity a year.

On August 4, BLM-NM leadership will attend the Independent Petroleum Association of New Mexico annual meeting in Albuquerque, NM, and will provide an overview summarizing BLM leasing and production, as well as new rules/policies affecting oil and gas activities over the past year and going forward.

On July 31, BLM-NV will issue a Temporary Closure and Temporary Restrictions of Specific Uses on Public Lands for the Burning Man event in Pershing County, NV, to begin set-up for the event which will begin on August 27. The closure will remain in place until September 20. The event entails the largest Special Recreation Permit managed by the BLM.

On August 1-2, BLM-MT/Dakotas State Office will lead tribal site visits in Sidney to help determine if Federal land parcels that have been identified in the State of Montana's Indemnity Selection application are suitable for conveyance to the State according to the Enabling Act of 1889. Specifically, the site visits will inform determination of eligibility of the cultural sites in the area and assist in environmental assessment. The BLM has been coordinating with the State of Montana since 2015 to determine appropriate parcels to transfer to the State. Other participants include district employees and MT Department of Natural Resources.

On August 2, the BLM-UT Moab Field Office intends to approve Dawson Geophysical Co.'s three-dimensional geophysical seismic survey project. The project is located 26 miles northwest of Moab and encompasses approximately 38,700 acres. Seismic surveys are used to determine the location and size of oil and gas reservoirs. The project is slated to begin in September.

On August 3, BLM-NV's Las Vegas Field Office will hold a land sale under the Southern Nevada Public Land Management Act (SNPLMA) in Las Vegas. The BLM proposes to offer for competitive sale 81.25 acres of public land in 17 parcels. In accordance with the SNPLMA, sale funds are used for the development of parks, trails, and natural areas, capital improvements on Federal lands, acquiring environmentally sensitive land, and Lake Tahoe restoration projects.

On August 4, the DOI Sage Grouse Review Team will deliver its final report to the Secretary in response to SO 3353. The report will summarize a review of the existing 2015 Greater sage-grouse RMP amendments, a review of State plans and programs, examination of the Integrated Rangeland Fire Management Strategy, impact of individual States disproportionately affected by the large percent of Federal lands within their borders, and recommendations pertaining to (1) captive breeding, (2) opportunities to enhance State involvement, (3) efficacy of target populations on a State-by-State basis; and (4) additional steps that can be taken in the near-term to maintain or improve current populations and habitats.

On August 4, the BLM-NV Ely District's review and comment period on 208 parcels of public land, totaling 388,959 acres, that were nominated for potential oil and gas exploration and development opens. The comment period closes September 5.

30 - 60 Day Look-Ahead

From BLM/CA: August 11 to 25, the USMC will close the 56,000-acre Johnson Valley Off-Highway Vehicle Shared Use Area to the public, while the USMC Air Ground Combat Center at Twentynine Palms conducts an annual large-scale training exercise in accordance to the National Defense Authorization Act of 2014. The FAA approved temporary special use for the exercise. The closure period includes time required to ensure the area is clear of recreation activity prior to training and to confirm the land is clear of hazards prior to reopening the land for public access. The adjacent 43,000-acre Johnson Valley Off-Highway Vehicle Recreation Area will remain open to the public during the closure of the Shared Use Area.

From August 13 to 24, BLM-AZ Public Affairs Specialist Dolores Garcia and BLM-MT Fire Mitigation and Education Specialist Terina Goioechea are traveling to Jamaica as part of a USAID/USFS project to raise fire awareness at the request of the Jamaican government. They will help to increase the Jamaican government's ability to deal with stakeholders and local communities in an effective manner. All costs associated with travel will be covered by USFS.

On August 14, the public comment period for the BLM-NV wild horse Silver King Herd Management Area Preliminary Environmental Assessment closes. The preliminary EA analyzes the need to gather and remove excess wild horses from in and outside the Silver King HMA in eastern NV. Appropriate Management Level for the HMA is 60 to 128 wild horses. The estimated population is 850 wild horses. Under the proposed plan, the BLM could conduct an initial gather as early as late summer 2017 followed by maintenance gathers over a 10-year period. Mares released back into the HMA would receive fertility control treatments.

On August 14 to 19, BLM-UT will conduct a wild horse gather in the Bible Springs Complex, located in southwest UT. The objective of this gather is to capture and remove approximately 100 head of wild horses that are currently impacting lands managed by the State of Utah, School and Institutional Trust Lands Administration. About 50 head will be captured at two different locations and then transported to the Axtell wild horse facility. The body condition of the horses is currently not a concern, but that may change as available water and/or forage decreases.

On August 21, NV Senator Catherine Cortez-Masto and her staff will tour the Indian Lakes contracted off-range wild horse corral in Fallon, NV. This is a privately owned contract facility that is not open to the public on a daily basis, although public tours are given twice a year.

On August 22 to 24, BLM wild horse and burro program staff will participate in the National Wild Horse and Burro Summit in Salt Lake City, UT. Participants will discuss science, policy, resource impacts, and management options for on- and off-the-range populations. DOI SEC has been invited to speak. BLM Deputy Director John Ruhs is confirmed to speak,

On September 11, the BLM will unveil its new Travel and Tourism plan, currently under agency review, at the annual American Indian and Alaska Native Tourism Association's meeting in Green Bay, WI.

On September 18 to 21, BLM-AK State Director Bud Cribley will attend the OCEANS 17 conference/exhibition in Anchorage. The event will address the use of both modern technology and traditional knowledge to work together on issues including the energy extraction and increased vessel traffic in Arctic waters. Sponsored by the Marine Technology Society and the IEEE Oceanic Engineering Society, OCEANS conferences/exhibits draws an international audience of more than 2,000.

Throughout September, seven online oil and gas lease sales will be held. These include: September 7 - Colorado - 10 parcels covering 1,227,468 acres available for lease; September 7 - New Mexico - 62 parcels covering 15,731.91 acres available for lease; September 12 - Nevada - 3 parcels covering 3,680.00 acres available for lease; September 12 - Montana - 15 parcels covering 4,438.07 acres available for lease;

September 12 - Utah - 9 parcels covering 14,943.09 acres available for lease; September 21 - Eastern States - 6 parcels covering 191.71 acres available for lease; September 21 - Wyoming - 140 parcels covering 118,055.54 acres available for lease.
