## **VI. Weekly Report:**

### **Week Ahead Schedule of Meetings, Hearings, and Travel June 18-24, 2017**

Acting ASLM Kate MacGregor will be in Washington, DC, attending regularly scheduled meetings.

### **Week Ahead Announcements and Actions**

**On June 19**, BLM-WY State Director Mary Jo Rugwell will present at the National Summit on Infrastructure and the Environment hosted by The Conservation Fund in Washington, DC. The presentation will include recent infrastructure success stories in WY, particularly transmission infrastructure projects, such as Transwest and Gateway South.

**On June 19**, BLM plans to publish a Notice of Intent to Prepare a Supplemental EIS for the Mount Hope Project, a new molybdenum mine, in Eureka County, NV. The project encompasses approximately 8,355 acres of new surface disturbance, 8,092 of which are on public lands administered by the BLM. The Supplemental EIS is being prepared following a decision by the Ninth Circuit that found the justification for the air quality analysis insufficient. The SEIS will also supplement the analysis of public water reserves.

**On June 20**, the Senate Energy and Natural Resources Subcommittee on Public Lands, Forests, and Mining plans to hold a hearing on “Restoring Watersheds and Large Landscapes Across Boundaries Through State and Federal Partnerships.” Kristen Bail, BLM Assistant Director for Resources & Planning, will be the witness.

**On June 21**, the House Natural Resources Subcommittee on Energy and Mineral Resources plans to hold a legislative hearing on draft helium legislation. Tim Spisak, BLM Acting Assistant Director for Energy & Minerals, will be the witness.

**On June 22**, BLM-Eastern States will hold an online oil and gas lease sale for 2 parcels totaling 160 acres in AR. Bidding is not expected to be robust, and the sale is not expected to be controversial.

**On June 22**, BLM-WY will hold an online oil and gas lease sale for 26 parcels totaling 31,975 acres in Laramie, Carbon, Sweetwater, Sublette, and Uinta Counties. Bidding is not expected to be robust, and the sale is not expected to be controversial.

**On June 22 - 25**, BLM-AK will partner with Project Healing Waters Fly Fishing to host an annual fly-fishing event for wounded veterans in the Delta Wild and Scenic River corridor.

**On June 23**, the Federal Energy Regulatory Commission (FERC) expects to release the Final EIS for the Proposed Mountain Valley Pipeline Right of Way. The pipeline would cross 3.4 miles of the Jefferson National Forest in Monroe County, WV and Giles and Montgomery Counties, VA. The U.S. Forest Service, U.S. Army Corps of Engineers, and BLM are cooperating agencies. FERC is the lead agency in preparing the Final EIS. The BLM is the Federal agency responsible for issuing right-of-way (ROW) grants, with concurrence in this instance from the USFS and the COE.

**On June 23**, BLM-OR’s Myrtlewood Field Office will hold the Crystal Clear Timber Sale (116 acres; 5,605 mbf) and First Floras Timber Sale (25 acres; 1,295 mbf). These sales may be controversial due to ongoing conflicts between conservation interests and the logging/timber industry.

### **30 - 60 Day Look-Ahead**

**On June 26 - 28**, the Western Governors' Association (WGA) will hold its annual meeting in Whitefish, MT, during which Secretary Zinke and BLM Acting Director Mike Nedd are scheduled to speak. During the WGA meeting, the National Invasive Species Council (NISC) will present a strategic plan that has been integrated with Federal, State and Tribal commitments. The NISC membership consists of senior leadership from the Departments of State, Treasury, Agriculture and the Interior, OMB, and EPA, among others. The purpose of the Council is to provide high-level vision and leadership to sustain and expand Federal efforts to prevent, eradicate, and control invasive species.

**On June 26 - 30**, BLM-CA State Director Jerry Perez plans to conduct courtesy visits with members and staff of the CA Congressional delegation in Washington, DC to discuss public land management issues, including oil and gas development, planning efforts, wildfire, renewable energy, and recreation.

**On June 27**, BLM-AZ State Director Raymond Suazo and staff will host a group of 24 Mandela Washington Fellows at the Arizona State Office in Phoenix. The Fellows, who are from 19 African nations, are sponsored by the U.S. State Department and hosted by universities across the USA, including Arizona State University. Topics of discussion will include the BLM's work to support local economies through mining, grazing, and recreation; efforts to advance the "all of the above" energy portfolio; BLM's work to keep the visiting public safe; public lands in the borderlands region; and partnership and community engagement related to shared conservation stewardship.

**On June 29**, the House Natural Resources Subcommittee on Energy and Mineral Resources tentatively plans to hold a hearing on oil and gas development on public lands. Acting Assistant Secretary for Land and Minerals Kate MacGregor will be the Department's witness.

**On June 30**, BLM-UT is scheduled to begin a second 15-day public comment period for the Gunnison Valley Seismic Project Environmental Assessment, analyzing Dawson Geophysical's three-dimensional geophysical seismic survey proposal. The proposed project is located 26 miles northwest of Moab, UT and encompasses approximately 38,700 acres.

**In late June**, the BLM-UT Vernal Field Office will initiate a 30-day public comment period for an Environmental Assessment (EA) analyzing impacts of Newfield Production Company's proposal to develop 13 new oil wells in the east and northeast areas of the Greater Monument Butte Unit in Duchesne County, UT. The proposed project is within the Pariette Wetlands Area of Critical Environmental Concern, which includes habitat for two Federally-listed plant species. The proposal includes developing four wells on existing pads; nine wells on new pads; 11 miles of pipeline; and 1.5 miles of new road. It also includes measures to reduce impacts to wildlife, water quality and to facilitate reclamation and weed control.

**In late June/early July**, BLM plans to issue the Boardman to Hemingway Record of Decision. On February 28, BLM received the Biological Opinion from the National Marine Fisheries Service. BLM-OR land use plan amendments are being handled concurrently and the decision will be issued simultaneously with the ROD for the EIS and approval to issue a right-of-way grant. The ROD will be set up for ASLM approval and will be submitted in advance for review.

**On July 3**, BLM-AK will review and provide comments on the Donlin Gold preliminary Final Environmental Impact Statement (EIS) for the U.S. Army Corps of Engineers, the lead agency for the project. Donlin Gold LLC applied for permits for an open pit, hard rock gold mine located approximately 277 miles west of Anchorage, in southwest AK. The project also involves transportation infrastructure and a pipeline.

**On July 10**, four individuals charged with various crimes during the 2014 Gold Butte cattle impoundment are scheduled to be re-tried following the declaration of a mistrial on April 24, 2017. BLM-NV's Communications Office is coordinating with BLM-WO and the Department of Justice.

**On July 13**, the BLM-AK's Glennallen Field Office will begin issuing permits for the 2017 - 2018 Unit 13 Federal subsistence moose and caribou hunting seasons. The BLM issues nearly 3,500 Federal subsistence permits annually and provides permitting opportunities to rural residents in Delta Junction, Cantwell, Slana, and Glennallen.

**On July 18 – 20**, Acting ASLM Kate MacGregor and Acting BLM Director Mike Nedd will participate in the 15<sup>th</sup> annual Governor's Trail Ride hosted by the Idaho Cattle Association and Idaho Governor Butch Otter. The event, which will take place on historic ranchland in the Upper Snake River Valley, is designed to provide an opportunity to explore natural resource issues and will include discussions about improvements to the Federal grazing permit process and sustainable land use.

**On July 19**, BLM plans to hold an auction of Federally-owned crude helium. Under the Helium Stewardship Act of 2013, the BLM must offer for auction and sale annually a portion of the helium reserves stored underground at the Cliffside Gas Field, near Amarillo, TX. The BLM anticipates auctioning 500 MMcf in a total of 30 lots for delivery in FY 2018. Following the auction, the BLM will offer an allocated sale in which helium is offered to refiners, and a non-allocated sale in which the helium is offered to non-refiners.

**On July 22**, the BLM-OR/WA Lakeview Resource Area plans to hold an open house to discuss ongoing work with a private, non-profit partner to develop a multi-prong approach to managing the Beatty Butte Herd Management Area. For the first time, an external partner will work with BLM staff to bait trap horses, administer PZP to mares, and gentle horses considered good candidates for adoption.

**On July 28**, the BLM anticipates publishing proposed revisions to the Waste Prevention Rule in the Federal Register.

**On or before July 31**, the Record of Decision (ROD) for the BLM-ID Craters of the Moon Proposed Monument Management Plan Amendment/Final Environmental Impact Statement must be signed.

**On August 3**, BLM-NV Las Vegas Field Office will hold the spring land sale under the Southern Nevada Public Land Management Act (SNPLMA) in Las Vegas. The BLM proposes to offer for competitive sale 81.25 acres of public land in 17 parcels. In accordance with SNPLMA, funds generated by the sale will be used for projects such as the development of parks, trails, and natural areas, capital improvements on Federal lands, acquisition of environmentally sensitive land, and Lake Tahoe restoration projects.
