BECCommission Response Letter 091917-GTedit.docx

Ed,

Attached are my comments on the BEC letter. I did not get it completed, but I have made substantial changes to the tone and message of the letter. I don't know if the changes fully align with the Secretary's position, but I think our message should be that we have not started planning, but are committed to working with the Commission as well as other Tribal representatives on day-to-day management activities. I am not sure that Don's letter clearly conveyed those messages. I am out tomorrow. Technically I am still on scheduled leave. I am going to take my wife to San Diego for the weekend.

See you Monday.

Cheers,
