Hi Maureen,

I may be able to pull more tomorrow, but here are two of the priorities/programs/projects from the UT SHPO from our folks here:

2014 Underrepresented Community Grant: Asian and Pacific Islander Survey and Nomination of Historical Resources -- \$42,050 for archaeological survey of the Iosepa Polynesian Archaeological District and railroad sites associated with Chinese labor and the construction of the Transcontinental Railroad. Survey has been completed and a National Register nomination is being prepared as a model for future listings of these sites.

93 Certified Local Governments: Second largest program in the country, Utah's CLGs have made a local commitment to historic preservation and become part of the Federal Preservation Partnership with NPS and their State Historic Preservation Office, Utah Division of State History. Springfield, UT, a CLG since the start of the program in 1985, recently used pass through from the Historic Preservation Fund to rehabilitate the windows at the Springville Museum of Art. Constructed in 1936 and listed in the National Register of Historic Places, the project aided in the long-term preservation provided an improved environment for the artwork displayed in the galleries.
