As you may have heard, I am on detail to the Deputy Secretary's office as staff lead for the monument review process. BOR is at least part manager of Hanford Reach, one of the monuments that will be under review, and may be involved in others. We are pulling together a team for the review process, and would like at least one BOR representative.

The person or persons should be generally familiar with BOR's monuments, be able to pull information from within the agency with possibly short turnaround, and to generally contribute to the review process. Having a name by COB Friday would be useful.

The tentative list of monuments to be reviewed is attached for your use. Please do not circulate it at this point.

Please feel free to give me a call if you have any questions - 219-1037.
