Sounds good - I will remove the appendix.

Thanks, Ann. I think it looks good! I would consider removing the Appendix about tradeoffs, though. We have the discussion about tradeoffs earlier in the paper, so I think the Appendix information is not really needed at this point.

I'm about ready to give a draft to Randy but if anyone wishes to take one last look at it before noon, there's a "5_26_17" version saved in the folder.

Hi

Thanks for helping to pull the Bears Ears paper together today. For the version produced tomorrow one of the things we want to make sure we explain in an understandable way is difference b/t econ impacts vs. econ benefits. I've put some text in the paper but I'm sure it can be improved.
