I'm not able to get into my computer right now. A couple of other points.

If you have concerns, come talk to Cindy, Matt, or Larry.

The review is not about the work we have/have not done, these reviews have happened in the past.

We all have personal feelings about the situation, you are expected to represent the agency while at work.

If you are getting questions about where to protest.....

If you are getting questions that you we can help answer please let management know.

Lets work from this basis:

- As you have heard, the Secretary of the Interior will be in Southern Utah this week, on a listening tour regarding Bears Ears and GSENM. This is part of the review under President Trump's Executive Order 13792, to review Monuments.
- The Secretary's visit has been scheduled with the Utah Governor's Office.
- There are currently no plans for the Secretary to stop at any BLM office or visitor center.
- GSENM management has prepared factual information to share with the Secretary's staff
