My presumption is the same as yours, but that's why I will be talking to her on this at noon. If it is to cover details I will let her know that I didn't get that message and it needs to wait a few days while you set things up on your end.

If so, I have general info, but what I'm really looking for is to set up some time between Downey (or whoever she designates), you, Glenn Casamassa from the FS who knows the details, and me/Dan Jiron to discuss. I don't have the specifics for a call this afternoon. I just want to set up the right meeting/call/opportunity to get the right people in the room to discuss.

Does that make sense? I don't want to waste Downey's time today if that's what she's looking for today.

Good - I will see her at noon at the start of several back-to-back meetings, and will get back to you by 2 with what the call will cover.

Hi Randy – if she's still free at 430pm that works for me. Let me know what number to call.

I wasn't able to talk with Downey Thursday as she was tied up in a meeting with the Secretary and then a sportsmen's group reception, so I left a note. In checking messages tonight, Downey would like a call Monday (the 7th) with you - she is free at 1PM, between 2-3PM and 4:30PM. I presume this is a preliminary call, but since the message was from her scheduler rather than her there is no other information.
