Hi Erica, the Department has requested a list of members representing districts where National Monuments undergoing review under E.O. 13792 are located. Could you please:

- 1) verify that we have the right members identified for each CA monument; and
- 2) provide names of any other members who have expressed significant interest in each monument (either positive or negative) in the past.

Please note that some monuments may be managed by NPS or USFS. Please provide info if you have it readily available, but we can defer to those agencies if not. Also note that

Cascade-Siskiyou is included because a small portion of the expansion is in CA.

The Department would like to receive by early afternoon eastern today (5/8), so hoping you can take a look as soon as possible.

CC'ing Martha for awareness.

Thanks!

Jamie
