[DRAFT PRESS RELEASE HS edits ml.docx](#)

If you are going to include information in the press release on submitting comments, [regulations.gov](#) should be the primary method of submission and that should be clear in your message. If you provide a U.S. mail address or physical address as the primary address, you will be inundated with hard copy mail and response to comments will be much more difficult. I have asked Megan Apgar of my staff to set up a docket in FDMS (the back office side of [regulations.gov](#)). That docket should be included in the FR notice and, if you also wish to provide that information by press release, it should be in the press release as well. I am copying in Megan so she can provide the docket number and language on submitting comments.

Kerry: When we have Randy's correct contact information in the document, could Exec Sec also coordinate with Downey on getting a clean copy of the draft FR Notice to Heather Swift (copied) so she can prepare the press release. Heather, the current draft press release should be updated to reflect the revised FR Notice -we are now treating the marine monuments separately from the onshore ones. To assist you Heather, Aaron Moody and Laura Brown can prepare a revised version of the press release that incorporates the latest version of the FR Notice if that would help.
