Data Request Related to Review of National Monuments 5-17 update.docx

Hi Tim, Wade, and Chad-

Just wanted to send you all an update on the monument review process. The Department has requested that we submit the information outlined in the attached data call by COB on June 2. A handful of folks at WASO are taking a first run at gathering this information, but wanted to give you a heads up that we will lean on you to help fill any gaps in what we're able to find.

We are compiling all information in the Google folders linked below. Our plan is to gather as much relevant information as possible by this Friday, and then I will send each of you a note letting you know where we will need your help finding additional information.

KAWW  
PARA

Hoping it will be a light lift, but just wanted to give you a heads up. I will be in touch on Friday. Feel free to give me a call before then if you have any questions.

Thanks,  
Whitney

Whitney Boone and I have been tasked to be the point people for the NPS for the monument review process for the Dept. Whitney works for PPFL here in DC and will be working on this pretty much full time for the next few weeks. I just wanted to give you a heads up that this process is in full force and Whitney and I might be reaching out to you for information. We have some pretty tight time lines so we will need quick responses. We will try and give you as much time as necessary but we often don't have much control over that - as Tim already knows.

I don't have any requests right now, but Whitney might. If you any questions, let us know.

Bert
