Hi Stephanie,

Nice meeting you last week. I wanted to circle back and see whether you've decided who from CRPS can help with public comments for the national monument review. As noted in the email I forwarded earlier this week, the program being used for comment review allows for virtual review, so reviewers need not be based in DC. The group managing the public comment process for all of DOI plans to hold a short training webinar for reviewers next week and then comment review will begin.

I also wanted to forward along an updated data request for the monument review. The Department is requesting information about cultural resources contained within and around each monument. Are you able to link me up with contacts at PWRO who could help gather this information for Craters of the Moon and Grand Canyon Parashant, as well as someone at NERO who could help with Katahdin Woods and Waters?

Thanks in advance for your help. Please let me know who from your directorate will help with public comment review, and I will coordinate with them as more guidance emerges.

Best,
Whitney
