Data Request Related to Review of National Monuments-updated5 17.docx

Hi Codie,

Just left you a voicemail, but figured I would try email in case this is easier! I'm working with a group of NPS folks to pull information about Craters of the Moon in response to the DOI review of designations under the Antiquities Act (EO 13792). The Department's data request is attached. We've been able to gather the majority of the information requested, but hope to work with BLM to provide information about pre designation activities in the area including energy and mineral production, grazing, and subsistence use.

Are you able to help address the questions regarding activities that occurred on monument lands prior to the 2000 expansion, or could you direct me to someone who would be able to help? Feel free to give me a call to discuss further.

Many thanks,
Whitney

Whitney: I've reviewed the G-doc for CRMO and it appears complete and accurate from the NPS-perspective. As you indicated there are a few outstanding questions related to energy, minerals, timber and grazing that are best addressed by the BLM.

Codie Martin (cjmartin@blm.gov; 208 732 7227) is the Field Manager for the Shoshone District of the BLM and is Holly's supervisor. I suggest you reach out to him directly as Holly has been out of the office recently with a (b) (6)

I am unaware of the extent of any public outreach activities that may have occurred prior to monument expansion in 2000. Jon Jarvis was CRMO superintendent from 1991-1995 and Jim Morris was the superintendent from 1995-2005. Jim still lives locally and may be willing to discuss. I sent him a text to see if he is willing/available to discuss with you the topic of public outreach. (b) (6)

I'll let you know as soon as I hear back from him.

I believe Jon is still in Virginia and he too may have insight - Bert or Tasha may have his contact info. - wade

Hi Wade,

We're still waiting on some information from BLM as well as some NPS folks in cultural resources and lands, but we've made good progress responding to the Craters of the Moon data call. All of the information pulled so far is summarized in [Initial Data Request Related to Review of National Monuments- CRMO](#). Please take a look through the information the Google Doc, and let us know if you'd like to discuss anything. Feel free make edits or additions as you see fit.

Questions we have for you are:

- Are you aware of any public outreach that occurred regarding monument expansion prior to the 2000 proclamation?
- Do you have a contact at BLM that could help us pull pre-designation energy, mineral, grazing, etc. data? I've called over to Holly Crawford, but have not yet heard back from her.

We hope to have this information compiled by June 2.

Thanks!

Whitney

Hi Tim, Wade, and Chad-

Just wanted to send you all an update on the monument review process. The Department has requested that we submit the information outlined in the attached data call by COB on June 2. A handful of folks at WASO are taking a first run at gathering this information, but wanted to give you a heads up that we will lean on you to help fill any gaps in what we're able to find.

We are compiling all information in the Google folders linked below. Our plan is to gather as much relevant information as possible by this Friday, and then I will send each of you a note letting you know where we will need your help finding additional information.

[CRMO](#)

[KAWW](#)

[PARA](#)

Hoping it will be a light lift, but just wanted to give you a heads up. I will be in touch on Friday. Feel free to give me a call before then if you have any questions.

Thanks,

Whitney

Whitney Boone and I have been tasked to be the point people for the NPS for the monument review process for the Dept. Whitney works for PPFL here in DC and will be working on this pretty much full time for the next few weeks. I just wanted to give you a heads up that this process is in full force and Whitney and I might be reaching out to you for information. We have some pretty tight time lines so we will need quick responses. We will try and give you as much time as necessary but we often don't have much control over that - as Tim already knows.

I don't have any requests right now, but Whitney might. If you any questions, let us know.

Bert

Call for Data Related to Review of National Monuments under EO 13792 (April 26, 2017)*-Updated 5/17-*

Please help us gather information about each of the items listed below, for each of the National Monuments listed below in Table 1. *All materials should be uploaded to the appropriate [Google Folder](#) by 6/2/2017.*

1. Documents Requested
 - a. Resource Management Plans/Land Use Plans
 - b. Record of Decision
 - c. Public Scoping Documents
 - d. Presidential Proclamation
2. Information on activities permitted at the Monument, including annual levels of activity from the **date of designation to the present**
 - a. Recreation - annual visits to site
 - b. Energy - annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals - annual mineral production on site
 - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing - annual grazing on site (AUMs permitted and sold)
 - f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
2. Information on activities occurring during the **5 years prior to designation**
 - a. Recreation - annual visits to site
 - b. Energy - annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals - annual mineral production on site
 - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing - annual grazing on site (AUMs permitted and sold)
 - f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
3. Information on activities that likely would have occurred annually from the date of designation to the present **if the Monument had not been designated**
 - a. Recreation - annual visits to site
 - b. Energy - annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals - annual mineral production on site
 - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing - annual grazing on site (AUMs permitted and sold)

- f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
- 4. Changes to boundaries - dates and changes in size
- 5. Public Outreach prior to Designation - outreach activities conducted and opportunities for public comment
- 6. Terms of Designation
- 7. Any legislative language, including legislation in appropriations bills
- 8. Alternative options available for protection of resources applicable at each monument, such as Native American Graves Protection and Repatriation Act, Paleontological Resources Preservation Act, Archaeological Resources Protection Act, Historic Preservation Act and agency-specific laws and regulations.
- 9. Designated wilderness areas (name, acreage), wilderness study areas (name if there is one, acreage, type), and/or areas managed to preserve wilderness or roadless characteristics but not formal study area. Please note if there are none in any given monument so there is no question
- 10. Outstanding RS 2477 claims within a monument – type of road claimed and history
- 11. Maps – details later, but please alert your map staff that requests will come, and feedback on whether your bureau or USGS is better map source
- 12. Cultural or historical resources, particularly Tribal, located near a monument but not within the boundary that might benefit from inclusion in the monument

Table 1. List of National Monuments Included in Review (per DoI Press Release dated May 5, 2017)

National Monument	Location	Managing Agency
Basin and Range	Nevada	BLM
Bears Ears	Utah	BLM, USFS
Berryessa Snow Mountain	California	USFS, BLM
Canyons of the Ancients	Colorado	BLM
Carrizo Plain	California	BLM
Cascade Siskiyou	Oregon	#N/A
Craters of the Moon	Idaho	NPS, BLM
Giant Sequoia	California	USFS
Gold Butte	Nevada	BLM
Grand Canyon-Parashant	Arizona	BLM, NPS
Grand Staircase-Escalante	Utah	BLM
Hanford Reach	Washington	FWS, DOE
