VI. Weekly Report:

Week Ahead Announcements and Actions

On December 4, the BLM-WY High Plains District Office and its field managers will visit the Northern Cheyenne reservation in Lama Deer, Montana, to discuss mining and oil and gas issues, including the West Antelope 3 coal Lease By Application EIS, the Crossbow Oil and Gas EIS, and the Converse County Oil and Gas EIS.

On December 6, BLM-AK will hold an oil and gas lease sale for 900 tracts totaling 10.3 million acres in the NPR-A. There have been 12 previous NPR-A lease sales since 1999, but this one will be the first NPR-A lease to take place using livestream video. In addition, this is the first time that all available tracts will be offered for lease, which is a potential source of controversy. Bidding is expected to be moderate.

On December 7, BLM-CO will hold an oil and gas lease sale for 28 parcels totaling 27,284 acres in Garfield and Mesa counties. The sale is not expected to be controversial due to the lack of a significant number of protests received and lack of media coverage.

On December 7, BLM-NM will hold an oil and gas lease sale for 7 parcels totaling 2,104 acres in Eddy and Lea Counties. The sale is expected to be controversial and is likely to be protested by environmental groups concerned with the potential impacts of hydraulic fracturing on air and water quality. The bidding is expected to be robust.

On December 7, the BLM-CO Colorado River Valley Field Office will provide an update on its inspection and enforcement program at the quarterly Northwest Colorado Oil and Gas Forum in Rifle, CO. The BLM will then provide the update at the monthly Garfield County Energy Advisory Board, also in Rifle. Updates will focus on the status of current projects, permitting and leasing.

On December 8 and December 11, BLM-CA Eagle Lake and Applegate Field Offices' staff will attend informational meetings hosted by Washoe County, Nevada, on the county's proposal for legislation that could establish wilderness areas on Nevada public lands managed by BLM-California field offices. The BLM has not taken a position on the proposal.

On December 15, BLM-CA Bakersfield Field Office will meet with the California Resources Corporation (CRC), the California Department of Fish and Wildlife and U.S. Fish and Wildlife Service to discuss CRC's proposal to donate its mineral estate in the Carrizo Plain National Monument in exchange for mitigation credit for projects conducted in the San Joaquin Valley. The BLM is strictly a facilitator for these meetings and does not anticipate having to make a decision.

30 - 60 Day Look-Ahead

In December, the BLM-CA Bakersfield Field Office will start a 30-day scoping period to draft a vegetation and forest health plan for the BLM's only giant sequoia grove on Case Mountain, southeast of Three Rivers. On Dec. 14, a scoping meeting will be held in Three Rivers where the public will have the opportunity to view maps about the plan and talk with BLM specialists about fire prevention options. The BLM expects a mixed reaction from the public.

On December 12, BLM-NV will hold an online oil and gas lease sale for 208 parcels, totaling 388,959.402 acres in White Pine, Lincoln and Nye Counties. The sale will likely be controversial.

Nevada has received comments from the EPA, Center for Biological Diversity, Great Basin Water District and Nevada Department of Wildlife, regarding a variety of concerns including impacts to air quality, water resources, and sensitive species.

On December 12, BLM-MT will hold an oil and gas lease sale for 204 parcels totaling 98,889 acres in Big Horn, Custer, Carter, Fallon, Garfield, Powder River, Richland, and Rosebud Counties. BLM-MT expects minimal controversy with this sale. Bidding is not expected to be robust.

On December 14, BLM-Eastern States will hold an oil and gas lease sale for seven parcels totaling 1,185 acres in OH and LA. The sale will include five parcels totaling 350.06 acres in the Wayne National Forest, Monroe County, OH; and two parcels totaling 834.70 acres in the Kisatchie National Forest, Natchitoches and Winn Parishes, LA. The parcels being offered in the Wayne National Forest are expected to be controversial as several environmental groups are attempting to prohibit hydraulic fracturing in the area. At this time, the level of bidding interest is unknown.

On December 14, BLM-UT will hold an oil and gas lease sale for 75 parcels totaling 94,000 acres in Duchesne, Uintah and Emery Counties. The sale is expected to be controversial due to the nomination of parcels near Dinosaur National Monument. Two of the three parcels nominated by industry for consideration near the boundary of the Monument have been deferred pending consultation with the NPS. The remaining parcel contains both BLM-managed and split estate land, with a small portion in view of the monument. The BLM, however, has applied stipulations for light and noise pollution, and to minimize impacts to air quality and the scenic view shed. Bidding is expected to be robust.

On December 14, BLM-WY will hold an oil and gas lease sale for 45 parcels totaling 72,843 acres in Laramie, Sweetwater, Uinta and Lincoln Counties. The sale is not anticipated to be controversial. Bidding is not expected to be robust.

On December 14, BLM-AK Associate State Director Ted Murphy will provide an update to the Western Arctic Caribou Herd Working Group on development activities within the NPR-A. The group brings a broad range of stakeholders together who are actively involved in the management of caribou and includes subsistence users, other hunters, reindeer herders, hunting guides, transporters and conservationists.

On December 15, BLM-CA Bakersfield Field Office will meet with the California Resources Corporation (CRC), the California Department of Fish and Wildlife and U.S. Fish and Wildlife Service to discuss CRC's proposal to donate its mineral estate in the Carrizo Plain National Monument in exchange for mitigation credit for projects conducted in the San Joaquin Valley. The BLM is strictly a facilitator for these meetings and does not anticipate having to make a decision.

On January 6 - 8, BLM will host a meeting to develop an interagency strategy to contain the spread of quagga mussels from the Lower Colorado River at the Colorado River District/Lake Havasu Field Office in Lake Havasu, AZ. Development of this strategy was identified as one of the Department of the Interior's top priorities to prevent the introduction and spread of invasive mussels in the June report to the Western Governors Association.

On January 8, BLM-CO will attend the Western States Land Commissioners Association (WSLCA) Winter Meeting in Denver. The WSLCA is an organization representing 23 state land management agencies that together manage more than 440 million acres of surface and subsurface state lands throughout the central and western U.S., including lands granted by Congress to the states in trust for the support of public education and other public institutions. The BLM has an MOU with the WSLCA to

advance the long-term goals of both the BLM and member states by resolving state-Federal land exchanges and other appropriate realty actions.

On Jan. 31, BLM-CA staff will participate in an oil and gas operator seminar that focuses on surface and environmental requirements associated with new oil and gas projects (APDs and Sundry Notices). On average, the BLM is able to permit APDs in a 30-45 day period, due to assistance from operators in getting needed information to the BLM in a timely manner. The BLM will provide seminar participants a refresher on the items the BLM needs in regard to biological, cultural, and paleontology review to ensure a quick turn around when new permits are submitted.

In mid-to-late February, the BLM-CA Bakersfield Field Office staff will participate in a U.S. Forest Service-led public meeting in Fillmore about four Applications for Permit to Drill in the Sespe Oil field. USFS is the lead agency on the NEPA analysis. This meeting will generate public interest. Previously, BLM-CA had received inquiries from Congresswoman Julia Brownley's (CA-26-D) office.

From Feb. 13-15, 2018, a BLM-CA Bakersfield manager will speak at the Women in Agriculture for Mentoring and Empowerment seminar series during the 2018 World Agriculture Exposition in Tulare, California. The BLM-CA speaker will either be BLM-CA Bakersfield Field Manager Gabe Garcia or Associate Field Manager Becca Brooke. A specific topic has not yet been determined.
