**Received:** 2017-07-28T15:40:21-04:00  
[Dashboard Powerpoint July 2017 Draft 2.pdf](#)  
[Directors Monthly At A Glance 400- July 2017 Draft 2.pdf](#)

Attached are the latest Dashboard and At-A-Glance drafts.

Tim, please let me know if you have any edits and if you approve!

Notes on the dashboard:

- I changed the font to be more consistent (Franklin Gothic)
- I removed the WO-410 page on recreation since it hasn't been updated in a while

Notes on the at-a-glance:

- I updated with the July 26 WO-420 edits and Derrick's July 26 edits

Please let me know if you have any questions.

Best,  
Cindy

Hi Janet,

Kevin let me know that the Dashboard has been reviewed by you already. Attached below is the At-A-Glance. Please let me know if you have any edits.

WO-410 is still working on edits for the Dashboard at the moment.

Best,  
Cindy

## WO-400: National Conservation Lands (WO-410) & Community Partnerships Highlights (WO-420)

- A comprehensive interactive recreation map showing National Conservation Lands and high priority recreation sites is available on [blm.gov/visit](http://blm.gov/visit).
- Nikki Moore and Janet Ady will help plan the Summit on Gateway Communities (tentatively, Fall 2017), hosted by The Conservation Fund and Scenic America. The summit will bring together key members from gateway communities to celebrate successes, their integral role in supporting public lands, and thriving rural landscapes in the towns and cities bordering our conservation areas.

## WO-410: National Conservation Lands

- National Trails System Act and Wild and Scenic Rivers Act 50th Anniversaries:
  - The combined Rivers and Trails Federal Leadership Team meets monthly and is comprised of BLM, USFS, NPS, and USFWS managers.
  - The BLM is developing its own strategies based on the draft 50th interagency frameworks, including social media campaigns, sign plans, and events.
  - The BLM is collaborating with partners on communication materials and core messaging for the anniversaries.
- The Analysis of Economic Effects of the National Conservation Lands report is in the final review stage before online release.

## National Monuments & National Conservation Areas

- On July 10, the BLM's public comment period for the National Monument review closed. Throughout July, the BLM Washington Office continued reviewing public comments and in coordination with State and Field offices, provided information to the DOI Office of Policy Analysis, pertaining to the Executive Order 13792 final report on 18 BLM National Monuments. All DOI drafted reports on each monument have been reviewed by the BLM WO400.
- The National Monuments online training modules are in review with release anticipated this fall.

## Wilderness

- Peter Mali, Wilderness Lead, is currently on a detail as the BLM Chief of Staff, through mid-September.
- On July 10, Bob Wick participated on an interagency panel to discuss wildlife management issues in wilderness at the Western Association of Fish and Wildlife Agencies annual conference in Vail, Colorado.
- During the week of July 24, The Interagency Wilderness Steer Committee met in Missoula, Montana. James Sippel, Wilderness Training Specialist, represented the BLM.
- The Wilderness Policy Council (representatives from wilderness-managing agencies and USGS) approved the final version of the Wilderness 2020 Vision Implementation Plan in February.

## Wild & Scenic Rivers

- Products and projects in process for the Wild and Scenic

Rivers (WSR) 50th Anniversary in 2018 include: a WSR 50th Toolkit, conference and event displays, fact-sheets, and a communication strategy.

- The Interagency Wild and Scenic Rivers Coordinating Council is working with USGS to show the National WSR System on USGS topo maps. The council is also working on an interagency database and map for wild and scenic study rivers.
- The Public Lands Foundation has decided to have the 50th anniversaries for Wild and Scenic Rivers and National Trails as the topic/theme for their 2018 Student Congress.

## National Scenic & Historic Trails

- On July 17, Deb Salt met by conference call with trail colleagues from the USFS, NPS, and the Partnership for the National Trails System on development of the planned 50th anniversary trail internship grant program.
- WO-410 continues to lead the BLM field team for the NTSA 50th anniversary. Plans are to finalize the strategy in September.
- WO-410 is developing a Statement of Work to address programmatic needs for National Trail Inventory and Monitoring protocols.
- Led by WO-420, a middle school teaching guide is under development that will encourage students to closely examine the 1968 National Trails System Act. Students will analyze primary source documents, including excerpts of pioneer diaries that illuminate diverse views about cross-cultural interactions as emigrants traveled the trails.

## Science

- National Conservation Lands Scientific Studies Support Program projects are underway. Final reports will be submitted by the end of calendar year 2017.
- WO-400 continues to be an active member of the BLM National Science Committee and has a role leading and supporting many of the FY17 priorities.
- Four National Conservation Lands units began work on science plans this fiscal year: Rio Grande del Norte National Monument, Grand Staircase-Escalante National Monument, Craters of the Moon National Monument and Steese National Conservation Area.
- WO-410 is working with other bureaus in DOI to create a DOI Framework for Citizen Science.

## WO-420: Education, Interpretation, and Partnerships Junior Ranger

- In coordination with State Web Leads and State Education and Youth Leads, WO-420 has offered every BLM office the opportunity to create a Junior Ranger webpage to highlight resources and programs for youth and families including recreation, education, volunteer, and partnership opportunities.
- In coordination with WO-600, we are developing a social media communications plan for the BLM's Junior Ranger program. Goals, key messages, talking points, audiences, and initial content will be finalized in August-September with a full social media roll-out scheduled for October 1st.

- Nineteen teachers are completing the Teachers on the Public Lands (TPL) program, a BLM partnership with the University of California Denver School of Education. During their summer break each teacher took part in a 160 hour field experience at their local BLM field office where they were exposed to the multiple-use mission and had the opportunity to shadow BLM staff from all segments of the agency. This field experience provided the background for each teacher to develop an educational or outreach project that will be used to increase awareness and appreciation of the BLM's mission and public lands among their students and local community. Each education project is reviewed by local BLM staff and staff at UC-Denver as required to complete coursework in experiential education. Additionally, upon completion of the entire program teachers receive a stipend from the university that supports their participation in the TPL program. Since 2014 the TPL program has connected more than 50 teachers with local BLM offices.
- The 2016 FLPMA/multiple-use themed Jr. Ranger booklet continues to receive support and field interest with more than 18,000 copies distributed. Several offices have adopted it as their primary outreach material for youth aged 6-12. Reprinting is anticipated this summer.
- Alongside WO-240, WO-420 is developing a heritage education resource toolkit for BLM staff interested in engaging visitors and local communities in cultural resource education, exploration, and stewardship. Anticipated completion in October 2017.
- The new Junior Ranger Citizen Science publication, scheduled for printing this summer, will highlight how youth and families can volunteer to help with data collection and monitoring efforts on public lands and contribute to the BLM's multiple-use mission.
- The BLM distributed 1,708 Every Kid in a Park (EKIP) passes in June, bringing the total for the school year to 8,245. Idaho has still not completed reporting on all their passes distributed. And while most states are enthusiastic in their support of EKIP, a few – AK, NM, and UT – still have reported little participation in the program.
- WO-420 applied for and received Executive Orders funding to support printing of Every Kid in a Park brochures in Spanish. These should be available by the end of the summer, along with EKIP passes for Year 3, which begins September 1.
- The interagency pass program manager, with input from the EKIP steering committee, ordered production of EKIP passes for Year 3 of the program. Year 3 begins with the start of the 2017-18 school year on September 1, 2017.
- As part of BLM's effort to reach diverse audiences through the EKIP program, WO-420 has obtained electronic files that will enable printing of the EKIP brochure in Spanish. WO-420 is working with a printing specialist at the NOC to arrange for printing using FY2017 funds.
- The national agreement between the BLM and Wilderness Inquiry (WI) will be modified to add FY2017 funds from WO-250, -410, and -420. Staff met with Meg Krueger, WI's education program manager, to discuss ways to

increase Canoemobile program offerings. In the spring of 2017, the program offered urban youth from Sacramento, Salt Lake City, and Milwaukee Voyageur canoe rides and environmental education activities.

- WO-420 staff prepared a legislative report in anticipation of the congressional hearing on H.R. 2987, the "21st century Conservation Service Corps Act of 2017".

## Volunteers

- National Public Lands Day (NPLD) will be held on Saturday, September 30, 2017. The BLM has over 120 projects in the works and is on track to mobilize approximately 10,000 volunteers. The deadline for BLM offices to request their NPLD t shirts from WO-420 was July 12, and the orders are being finalized now so that we may place the order with the vendor in the next week or two. These volunteer recognition shirts are extremely popular and greatly appreciated by field staff and volunteers alike.

## 21st Century Conservation Service Corps (21CSC)/Public Lands Corps

- DOI Human Resources issued its revised Personnel Bulletin (#17-03) on the Public Lands Corps Hiring Authority, while the BLM team (from WO-420, Office of Recruitment and Retention Programs, and the Grants Policy Program Manager) continues its work on comprehensive PLC Program guidance, including the hiring authority.

## Interpretation

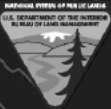

- WO-420 is pleased to announce the availability of the BLM's 2016 Artist-in-Residence poster, "North Fork of the Owyhee River," featuring a watercolor of a portion of Idaho's Bruneau-Jarvis Rivers Wilderness by artist Jessica Bryant. Ms. Bryant was one of nine 2016 Artists in Residence who captured BLM landscapes and natural features in various media. During the week of July 10, several copies of the 2016 Artist-in-Residence poster were sent to each BLM State Office, District Office, and visitor center for display.
- From July 17 to July 29, the National Scout Jamboree took place at the Boy Scouts of America's Summit Bechtel Reserve in Glen Jean, WV. WO-420 and the Eastern States Office co-coordinated BLM exhibit design, preparation, and participation on the Jamboree's Conservation Trail. Alongside National Park Service staff, training related to requirements for earning the Archaeology Merit Badge was provided. The merit badge team offered the opportunity to complete eight of the 11 badge requirements to approximately 500 scouts. A WO-420 staff member, other BLM WO and field staff, and three volunteers hosted the BLM exhibit on the Conservation Trail. AAD-400 Chris McAlear attended the Jamboree Conservation Committee's "VIP" luncheon on July 25.
- The 5th publication of a BLM-centric *Oh, Ranger!* tourist pamphlet was finished in late May and focused on recreational opportunities. A case will be shipped to the WO for distribution to M Street and MIB offices.
- The first BLM Certified Interpretive Guide trainings were held in late May at the Redding Field Office and in early June at the

at the Montana State Office. BLM staff, interns, volunteers, and other federal agency interpreters attended the classes and will receive certifications and recognition by the National Association for Interpretation.

#### Partnerships

- After a series of productive meetings with the Solicitors Office (General Law and Lands and Water Resources), Trevor Needham has uploaded into DTS an updated version of the policy that incorporates their comments and addresses their concerns. Based on the meetings, the solicitors have indicated their readiness to surname the draft policy. Next steps include preparing a final version for the BLM Director's approval.
- Trevor Needham is addressing some final content gaps, issues, and necessary edits within the draft Friends Partnership Toolkit.
