Exec Sec set to Jack Haugrud, but I wanted to get it to you also. Your edits of later this afternoon are not reflected due to time constraints in getting it out of Exec Sec, I did send them the Cason title info.

I will delete the sections you edited and past the edited version in, will send that to you shortly.

I question the need for a CFR citation as Exec Sec called for, and "Authority", if needed, would be the EO.
