Hi Karen - Sorry was the table a stand alone document? I am not finding it on the google drive? We have had a few go amiss.Can you send the table for AUMs "used" or "sold" or "billed" by allotment and by year.
I appreciate it.

So there are two sets of tables we submitted. The first one shows Permitted AUMs as requested. The second shows AUMs "used" or "sold" or "billed" by allotment and by year as requested. I think that is what you are looking for right? Let me know if it is something different or you need more explanation of the current tables.

Karen

Subject: Fwd: Carrizo -- grazing question

Hi Johna

Looks like there is another request from DOI - do you have or can you coordinate and develop a billed AUM table?

You might be able to work with Lynnda Jackson on this at 150jacks@blm.gov

If you have questions please let me know.

Thanks,

Timothy J Fisher, Program Lead

Hey Nikki,

Sorry, one more question.

It looks like this is permitted AUMs. Is data on billed AUMs available? Or did I just miss it? Thank you.

Ben

On Tue, Jun 13, 2017 at 12:56 PM, Moore, Nikki <nmoore@blm.gov> wrote:

Hi Ben,

Regarding the information for Carrizo:

The total AUM's for allotment #00015 in 1996 was 7,882.

1996 was pre designation so "part of" means an undefined area or portion of the AUM's within the allotment would have been within the current monument boundary.

This allotment does not completely overlap with the national monument (it is not 100% within the monument boundary).

The table entries show the total allotment AUM's and the number of AUM's within the monument vs the total AUM's of the allotment.

In 2008, there were 1,840 AUMs for the acres within the monument, and a total of 7,936 AUMs for the entire allotment.

In 2016, the number of AUM's increased within the monument to 2,039 AUM's, and 8,091 AUMs for the entire allotment.

The increase in AUMs occurred because of land acquisitions that were within the monument.

Grazing Allotment #	Total AUMs in 1996	CPNM AUMs in 2008	CPNM AUMs in 2016	Reason for differences
------------------------------------	-----------------------------------	----------------------------------	----------------------------------	-------------------------------

Traditional Section 15 Grazing Leases:				
---	--	--	--	--

00015	Part of 7,882	1,840/ 7,936	2,039/ 8,091	Land acquisitions
-------	------------------	-----------------	-----------------	-------------------

2. "Free Use" grazing permits are different from traditional BLM grazing permits. They are designed specifically as a management tool to support desired management outcomes that have an ecosystem benefit. Through an agreement with the Nature Conservancy, the CPNM utilizes some areas for innovative grazing techniques to protect and restore the identified values within the monument. The allocation of "free use" permits are to the original operators who utilized the area prior to the land acquisition by the Nature Conservancy. The end result is for the ecosystem benefits and project outcomes while contributing to the sustainability of rural communities.

We will add this to the CPNM document in Google for clarification. Please let us know if you have any other questions,

Nikki Moore
Acting Deputy Assistant Director
National Conservation Lands and Community Partnerships
Bureau of Land Management, Washington D.C.

On Tue, Jun 13, 2017 at 9:43 AM, Simon, Benjamin <benjamin_simon@ios.doi.gov> wrote:

Hey Nikki,

Just a question about the grazing information for Carrizo. A very nice table was included in the

uploaded information. However, in a few of the cells, the entries were along the lines of:

Part of 7,882	1,840/ 7,936
---------------	--------------

Would it be possible to provide some explanation for interpreting the entries in those cells?

Also, would it be possible to explain a bit more about the "free use" grazing permits? How are they allocated? What is the purpose?

Thank you.

Ben

Call for Data Related to Review of National Monuments under EO 13792 (April 26, 2017)

Please help us gather information about each of the items listed below, for each of the National Monuments listed **Error! Reference source not found.** in **Error! Reference source not found.**.

1. Documents Requested
 - a. Resource Management Plans/Land Use Plans
 - b. Record of Decision
 - c. Public Scoping Documents
 - d. Presidential Proclamation
2. Information on activities permitted at the Monument, including annual levels of activity from the date of designation to the present
 - a. Recreation - annual visits to site
 - b. Energy - annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals - annual mineral production on site
 - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing - annual grazing on site (AUMs permitted and sold)

There are two types of grazing authorizations within this Monument and some authorizations are only partially within the boundary. There are six traditional Section 15 grazing leases on seven grazing allotments and eight annual Free Use grazing permits, which are issued only for the management of vegetation to meet objectives other than the production of livestock forage, on nine grazing allotments. The Free Use grazing permits were established in 1995.

The 1996 Caliente RMP lists AUMs prior to designation, but also prior to many acquisitions and actions to split allotments or otherwise modify boundaries.

The Carrizo Plain National Monument was designated in 2001.

The 2008 Draft CPNM RMP describes conditions after most acquisitions were completed prior to the final 2010 CPNM RMP.

Annual AUMs permitted within the Carrizo Plain National Monument:

Grazing Allotment #	Total AUMs in 1996	CPNM AUMs in 2008	CPNM AUMs in 2016	Reason for differences
Traditional Section 15 Grazing Leases:				
00015	Part of 7,882	1,840/ 7,936	2,039/ 8,091	Land acquisitions
00022	40	40	83	Land acquisitions
00031	2,295	2,295	1,341	Compliance with objectives of Monument RMP and laws, policy, and regulations for administering grazing leases.
00039	Part of 2,715	168/ 730	168/ 730	Allotment split prior to designation.
00044	3,182	3,182	1,341	Compliance with objectives Monument RMP and laws, policy, and regulations for administering grazing leases.

Grazing Allotment #	Total AUMs in 1996	CPNM AUMs in 2008	CPNM AUMs in 2016	Reason for differences
00096	Part of 1,073	188/ 939	188/ 939	Allotment boundary adjustments
03655	Part of 2,059	2/ 5	2/ 5	Allotment split prior to designation.
7 allotments		7,715	5,162	
Annual Free Use Grazing Permits for Vegetation Management Only:				
00018	643	3,350	3,350	Land acquisitions
00026	900	3,660	3,660	Land acquisitions
00029	3,099	13,070	13,070	Land acquisitions
00043	2,734	2,470	2,251	Land acquisitions, internal adjustments of boundaries and capacities.
00046	443	1,950	1,875	Land acquisitions, internal adjustments of boundaries and capacities.
00053	4,694	28,375	28,135	Land acquisitions, internal adjustments of boundaries and capacities.
00070	227	2,750	1,401	Land acquisitions, internal adjustments of boundaries and capacities.
00092	914	4,200	4,200	Land acquisitions
03945	0	0	261	Land acquisition
9 allotments		59,825	58,203

9 allotments			

- f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
3. Information on activities occurring during the 5 years prior to designation
- a. Recreation - annual visits to site
 - b. Energy - annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals - annual mineral production on site
 - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing - annual grazing on site (AUMs permitted and sold)

There are two types of grazing authorizations within this Monument and some authorizations are only partially within the boundary. There are six traditional Section 15 grazing leases on seven grazing allotments and eight annual Free Use grazing permits, which are issued only for the management of vegetation to meet objectives other than the production of livestock forage, on nine grazing allotments. The Free Use grazing permits were established in 1995.

The 1996 Caliente RMP lists AUMs prior to designation, but also prior to many acquisitions and actions to split allotments or otherwise modify boundaries.

The Carrizo Plain National Monument was designated in 2001.

The 2008 Draft CPNM RMP describes conditions after most acquisitions were completed prior to the final 2010 CPNM RMP.

Annual AUMs permitted within the Carrizo Plain National Monument:

Grazing Allotment #	Total AUMs in 1996	CPNM AUMs in 2008	CPNM AUMs in 2016	Reason for differences
Traditional Section 15 Grazing Leases:				
00015	Part of 7,882	1,840/ 7,936	2,039/ 8,091	Land acquisitions
00022	40	40	83	Land acquisitions
00031	2,295	2,295	1,341	Compliance with objectives of Monument RMP and laws, policy, and regulations for administering grazing leases.
00039	Part of 2,715	168/ 730	168/ 730	Allotment split prior to designation.
00044	3,182	3,182	1,341	Compliance with objectives Monument RMP and laws, policy, and regulations for administering grazing leases.

total		N/A	Allotment not established until 2011.
9 allotments			

- f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available
 - g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
4. Information on activities that likely would have occurred annually from the date of designation to the present **if the Monument had not been designated**
 - a. Recreation - annual visits to site
 - b. Energy - annual production of coal, oil, gas and renewables (if any) on site; amount of energy transmission infrastructure on site (if any)
 - c. Minerals - annual mineral production on site
 - d. Timber - annual timber production on site (in board-feet, CCF, or similar measure)
 - e. Grazing - annual grazing on site (AUMs permitted and sold)
Because most of the acquired lands within the Monument have been managed for grazing to meet objectives for resources other than the production of livestock forage since 1995. And because the traditional section 15 grazing leases which were in place within the Monument before the that time have been retained and managed under the laws, regulations, and policies followed by the BLM in issuing and administering grazing permits and leases on all lands under its jurisdiction. The current amount and level of livestock grazing would likely be the same as presented in section 2e if the Monument had not been designated.
 - f. Subsistence - participation rates for subsistence activities occurring on site (fishing, hunting, gathering); quantities harvested; other quantifiable information where available

- g. Cultural - list of cultural uses/values for site; number of sites; other quantifiable information where available
- 5. Changes to boundaries - dates and changes in size
- 6. Public Outreach prior to Designation - outreach activities conducted and opportunities for public comment
- 7. Terms of Designation
