Fee Waiver Request

In accordance with 5 U.S.C. § 552(a)(4)(A)(iii), Western Values Project requests a waiver of fees associated with processing this request for records. The subject of this

request concerns the operations of the federal government, and the disclosures will likely contribute to a better understanding of relevant government procedures by the public in a significant way. Moreover, the request is primarily and fundamentally for non-commercial purposes. 5 U.S.C. § 552(a)(4)(A)(iii).¹

Western Values Project requests a waiver of fees because disclosure of the requested information is “in the public interest because it is likely to contribute significantly to public understanding” of government operations and is not “primarily in the commercial interest of the requester.”² The disclosure of the information sought under this request will document and reveal the operations of the federal government, including how public funds are spent and how officials conduct the public’s business.

On April 26, 2017, the President of the United States signed the Presidential Executive Order on the Review of Designations Under the Antiquities Act, which initiated a “review” of national monuments. As part of the review, the U.S. Department of the Interior has received over 160,000 public comments, demonstrating the substantial public interest in the results and nature of the review.³ This request seeks to reveal documents concerning executive authority and decision-making as it pertains to national monument designations and will be used to inform the public on this critical topic.

This request is primarily and fundamentally for non-commercial purposes. As a project of a 501(c)(3) organization, Western Values Project does not have a commercial purpose and the release of the information requested is not in Western Values Project’s financial interest. Western Values Project’s mission is to give a voice to Western values in the national conversation about resource development and public lands conservation, a space too often dominated by industry lobbyists and their government allies. Western Values Project will use the information gathered, and its analysis of it, to educate the public through reports, press releases, or other media. Western Values Project will also make materials it gathers available on our public website <http://www.westernvaluesproject.org/>.

Accordingly, Western Values Project qualifies for a fee waiver.

Request for Expedited Processing

The April 26, 2017 Presidential Executive Order on the Review of Designations Under the Antiquities Act requires the Secretary of the Interior to provide a final report to the President of the United States within 120 days, which is to include “recommendations for

¹ See, e.g., *McClellan Ecological Seepage Situation v. Carlucci*, 835 F.2d 1282, 1285 (9th Cir. 1987).

such Presidential actions, legislative proposals, or other actions consistent with law.”⁴ As part of this process, the Secretary of the Interior held a listening tour in the state of Utah⁵, opened a public comment period⁶, and visited a national monument in Maine⁷, all in an effort to ostensibly receive public input regarding national monument policy and implementation.

Furthermore, President Trump has said the American people “will never be ignored again”⁸ and in July sent out a “Listening to America” survey⁹ to solicit the opinions of the American people. As the Secretary’s recommendations have now been given to the President, there is an urgency to inform the public of the resources and decisions made by a key player in the monument review so that the public may inform President Trump and their legislative representatives on this matter and make their voice heard in advance of any decisions, which could be issued imminently.

Western Values Project certifies these facts are true and correct and requests expedited processing for this request.

Conclusion

If possible, I would prefer to receive this information electronically via e-mail at csaeger@westernvaluesproject.org.

If you have questions or need additional information from me, please feel free to call me at (406) 438-1918.

If my request is denied in whole or part, I ask that you justify all deletions by reference to specific exemptions of the act. If any documents are withheld based on the Agency’s interpretation of any exemption, we request that you provide an index of those documents as required under *Vaughn v. Rosen*, 484 F.2d 820 (D.C. Cir. 1973), *cert. denied*, 415 U.S. 977 (1974). Specifically, this *Vaughn* index should describe withheld documents with enough specificity as to determine whether the material is exempt under the act and must describe each document or portion withheld.

Thank you for your assistance.
