## **VI. Weekly Report:**

### **Week Ahead Announcements and Actions**

**On October 16**, the 45-day public comment period concludes for the BLM-NV Draft Environmental Impact Statement for a proposed expansion of the Phoenix Mine. The gold and copper mine currently employs about 500 people and is located approximately 12 miles southwest of Battle Mountain in Lander County, NV.

**On October 16 - 17**, Acting BLM Director Michael Nedd will be visiting Carlsbad, NM, to attend the Carlsbad Mayor's Energy Summit. He will also be touring the BLM-NM Carlsbad Field Office area with Acting BLM-NM State Director Aden Seidlitz.

**On October 17**, BLM-CA will host the annual California Youth Summit at the California State University, Sacramento campus for the 5th year. BLM-CA External Affairs Chief Martha Maciel will be a keynote speaker and Acting Director Michael Nedd will give a video welcome speech. This year's event is expected to draw about 500 participants and will include speakers, workshops and a job fair.

**On October 17**, BLM-MT will hold a sealed-bid competitive coal lease sale for a 320-acre tract in McLean County, ND, containing an estimated 2.2 million tons of in-place Federal coal resources. The BLM is offering the tract in response to an application filed by the Falkirk Mining Company in November 2013. Located approximately two miles northeast of Underwood, the tract is within and adjacent to the Falkirk Mine, which employs more than 500 workers and produces more than 8 million tons of lignite coal per year. The BLM analyzed the impacts of leasing the coal in an EA and signed a Finding of No Significant Impact and Decision Record earlier this year.

**On October 17 - 19**, BLM Acting Deputy Director John Ruhs and Wild Horse and Burro Program Division Chief Dean Bolstad will attend the Wild Horse and Burro Advisory Board Meeting in Grand Junction, CO, to discuss program updates.

**On October 19**, BLM-AK will host a Public Land Order strategy meeting with the State of Alaska to discuss land selection conflicts (i.e., prior Native selections). BLM-AK anticipates receiving an updated priority conveyance listing from the State prior to this meeting. The group was established to assist the State in prioritizing their remaining land entitlement and selections.

**On October 20**, BLM-CA Bakersfield Field Office Associate Field Manager Becca Brooke will attend the South Valley Sustainable Groundwater Management Act Practitioners Roundtable in Tulare to discuss efforts currently underway to develop Groundwater Sustainability Plans in the southern San Joaquin Valley (Fresno, Kings, Tulare, and Kern counties).

### **30 - 60 Day Look-Ahead**

**On October 23 - 24**, the Sage Grouse Task Force is scheduled to meet in Denver to discuss any additional issues or concerns raised by stakeholders, specific proposed policy changes, and any remaining issues that may require a plan amendment in connection with Secretary's Order 3353. The task force is led by the Governors of WY and CO and includes membership from the 11 sage-grouse States, BLM, Forest Service, Natural Resources Conservation Service, USGS and the Fish and Wildlife Service.

**On October 24**, BLM-NV will host a competitive geothermal lease sale for 20 parcels located in the Battle Mountain, Carson City, Elko and Winnemucca Districts containing 38,208.46 acres for geothermal leasing. This will be the first online geothermal lease sale for NV. This lease sale is not expected to be controversial. At this time, the BLM cannot predict the level of bidding interest.

**In mid-to-late fall**, BLM-CO expects to issue a decision whether to grant a royalty rate reduction for the West Elk Mine. The BLM proposes to approve Mountain Coal Company, LLC's application for a royalty rate reduction from 8 percent to 5 percent for 10.3 million tons of coal in the West Elk Mine in southwest Colorado's North Fork Valley. Colorado Governor John Hickenlooper expressed support for the royalty rate reduction, contingent on Mountain Coal Company exploring methane capture at the mine.

**In mid- to late fall**, BLM-CO expects to issue a decision whether to modify GCC Energy's King II Mine in Montezuma County in southwest Colorado by 951 acres. The modification would allow GCC to access an estimated 4.66 million tons of recoverable Federal coal reserves for an additional 6.5 years of mining. Montezuma County supports the modification, noting Federal mineral development's positive impacts on the region through jobs and tax revenue. The BLM hopes to issue the decision this fall, pending final approval from the Department.

**On November 2**, Nevada Governor Brian Sandoval will dedicate a section of Highway 140 in memory of BLM firefighters Will Hawkins and Jacob O'Malley who were killed in a vehicle accident. This ceremony will be held at the Memorial Site, 6 miles west of the Highway 95/ 140 junction. Governor Sandoval, family members of Jake and Will and Winnemucca/ State Fire Managers will speak at the ceremony.

**On November 2**, BLM-CA will do a site visit of PG&E-constructed wildlife watering ponds at the San Joaquin River Gorge. The watering ponds are associated with PG&E's Kerkhoff hydroelectric project, which is up for re-licensing by the Federal Energy Regulatory Commission. The current FERC license requires PG&E to pay the BLM \$1,000 per year for maintenance of these ponds.

**On November 6**, BLM Acting Director Mike Nedd will attend the National Mining Association/BLM Sustainable Development Awards in Washington, DC. The awards are presented by the BLM in recognition of outstanding reclamation activities.

**On November 13 - 15**, Kathy Benedetto, BLM Senior Advisor, will attend the Idaho Cattle Association Annual Convention in Sun Valley to discuss sage-grouse issues, including the sage-grouse Secretary's Order.

**On December 1-2**, a BLM representative, yet to be determined, will attend the Western Governors' Association Annual Meeting in Phoenix, AZ.

**On December 6**, BLM-AK will hold an oil and gas lease sale for 900 tracts covering 10.3 million acres in the NPR-A. Currently, 189 authorized leases in the NPR-A cover more than 1,372,688 acres. This lease sale, the 13th since 1999, is also the first NPR-A oil and gas lease sale to occur via livestream video. This is the first time that all available tracts will be offered for lease, which is a potential source of controversy. Further controversy is expected if BLM-AK modifies the Integrated Activity Plan prior to the sale. Bidding is expected to be moderate.

**On December 7**, BLM-NM will hold an oil and gas lease sale for 7 parcels totaling 2,104 acres in Eddy and Lea Counties. The sale is expected to be controversial and is likely to be protested by environmental groups concerned with the potential impacts of hydraulic fracturing on air and water quality. The bidding is expected to be robust.

**On December 7**, BLM-CO will hold an oil and gas lease sale for 28 parcels totaling 27,284 acres in Garfield and Mesa Counties. The sale will likely be controversial due to recent media coverage regarding leasing in the Grand Junction area overlapping with potential solar sites. Bidding is expected to be robust.

**On December 7**, BLM Senior Advisor Kathy Benedetto will give the keynote address at the Public Lands session during the American Exploration and Mining Conference in Reno, NV. Topics for the speech have not yet been determined.

**On December 11**, BLM-NV will hold an oil and gas lease sale. At this time, controversy and bidding is unknown.

**On December 12**, BLM-MT will hold an oil and gas lease sale for 204 parcels totaling 98,889 acres in Big Horn, Custer, Carter, Fallon, Garfield, Powder River, Richland, and Rosebud counties. BLM-MT expects minimal controversy with this sale. Bidding is not expected to be robust.

**On December 14**, BLM-UT will hold an oil and gas lease sale for 75 parcels totaling 94,000 acres in Duchesne, Uintah and Emery counties. The sale is expected to be controversial due to the nomination of parcels near Dinosaur National Monument. However, two of the three parcels nominated by industry for consideration near the boundary of the Dinosaur National Monument have been deferred by the BLM Utah State Director for further consultation with the National Park Service. The remaining parcel contains both BLM and split estate land, and has a small portion within view of the Monument. The portion of land within view of the Monument is privately owned, however, the BLM has applied stipulations for light and noise pollution, and to minimize impacts to air quality and the scenic view shed. Bidding is expected to be robust.

**On December 14**, BLM-ES will hold an oil and gas lease sale for 7 parcels totaling 1,185 acres in Ohio and Louisiana. At this time, controversy and bidding is unknown.

**On December 14**, BLM-WY will hold an oil and gas lease sale for 45 parcels totaling 72,843 acres in Laramie, Sweetwater, Uinta and Lincoln counties. At this time, controversy and likely bidding interest is unknown.
